

YVONNE FOURES

Yvonne,

You have been a good friend
to me for a long time and
I really appreciate it. Next
time you ~~to~~ want to go any-
where, like to the beach, just give
me a ring (545-6041) and for sure
we'll go! Well, have a real nice
summer and I'll see ya!

Brenda

Yvonne,
Wasn't it really hard
in math! Just my favorite
class (ha ha). Hope I'll see
you at the beach this
summer and next year
at school. Take care, baby.

but,
kiss & hug!

Yvonne,
Didn't see you much
this year. So I have to
see you alot during the
summer. I notice this
year you have been such
a nice teacher. Give it up.

Friends always.

Yvonne,
nath was
inda boring
wasn't it? Too bad
we didn't get too
good of friends. Hope
to see you next year.
Have a great summer.

Yvonne, #101 \$9.95

I've known you for a
long time, but I really
don't know you personally.
I hope to get to know
you better in the summer
and have some fun sometime

Call me up soon

Love
John Hurley
645-3853

Yvonne,

I really didn't get to know you very well this year,
th th. Just kidding. Sorry about that. Anyways,
I wish you were in some of my classes, I only
got to see you at lunch. Maybe next year we'll
have some more classes together. Have a party in
summer and I'll see ya at the beach.

"81" rules Love Steph

Yvonne,
It seems like we've known
each other for years but actually
it's only been a couple. But
anyhow, you're one of the nicest
people I know and it's been
a pleasure knowing you. Take
care of yourself always.
a friend always
and forever.

Love
Patty
Yvonne,
Thanks for all the
times you lent me
money when I had
the munchies. Thanks for
the sandwiches too that
one nite.
Love
Mark

Yvonne,
How is it going? Hey cherie,
I'm glad I met you
finally; French Tahiti is
the kind of fun! Someday there must
be another Tahiti party so we
can have Best of wishes
lots of love

Yvonne,
I was just going over
to ACC with you to lunch
and looking at the "scenery"! I
Not bad huh? Well don't go
too crazy w/ the group this summer!

hat's What We're About That's What We're About

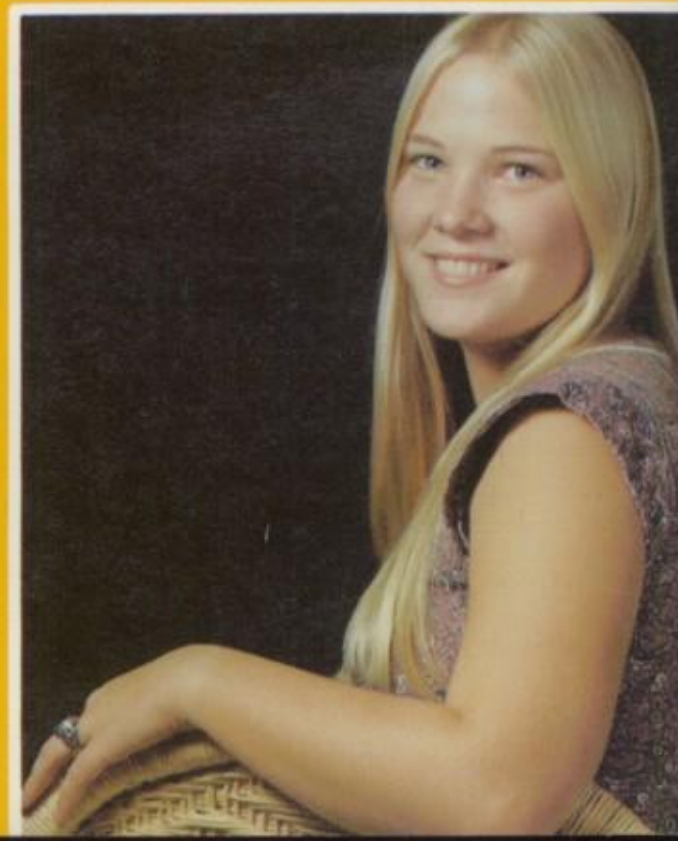

As Editor-in-Chief, I am proud of my staff and what they did. We accomplished what we set out to do. Capturing all that Mesa is about is no easy task.

Many long hours were spent asking, "What am I doing this for?" In the end it is all worth it. Somehow things all pull together. Impossible deadlines were miraculously met, and the long hours after school were not really so bad. After all, who can complain about pizza for dinner? How can I possibly do it? always turned into, "Hey, I did it!"

We thought we were attempting the impossible with nothing when, in fact, it was all there from the beginning. We went a bit crazy in the process, but that is what we, the Roundup staff, are about!

That's What We're About That's What We're About

A yearbook should be a very personal reminder of high school. The Roundup staff decided to show all that is "us"-all that we're about. We wanted to dig down below the surface and show not just the finished product but all the hard work as well. The football team doesn't just get out there and automatically become #1. It is the day to day practice and hours of extra time that make the Mustangs the best. The Band must work equally hard to be on top. We work hard to achieve our goals, but with the thrill of victory also comes the agony of defeat. It is the smiles as well as the tears that make up our four years of high school. We have attempted in this yearbook to record the moods, changes, and activities that have happened throughout the year. *

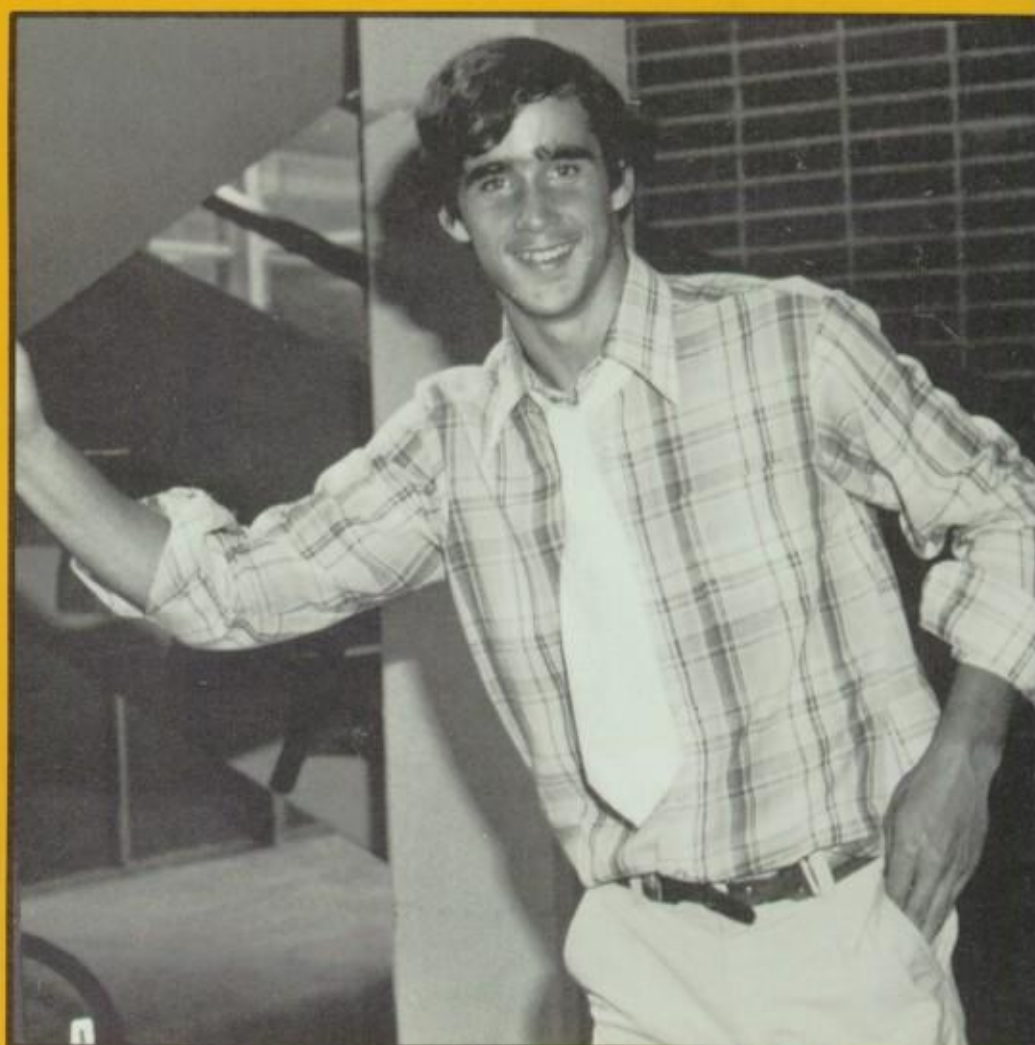

The joys, the sorrows, the hopes, the fears, we hope we have succeeded in capturing it all because that is what we the Mustangs, the Toads, the Bandos, The Sportos, the Singers, the Dancers, the Actors and even some students are about!

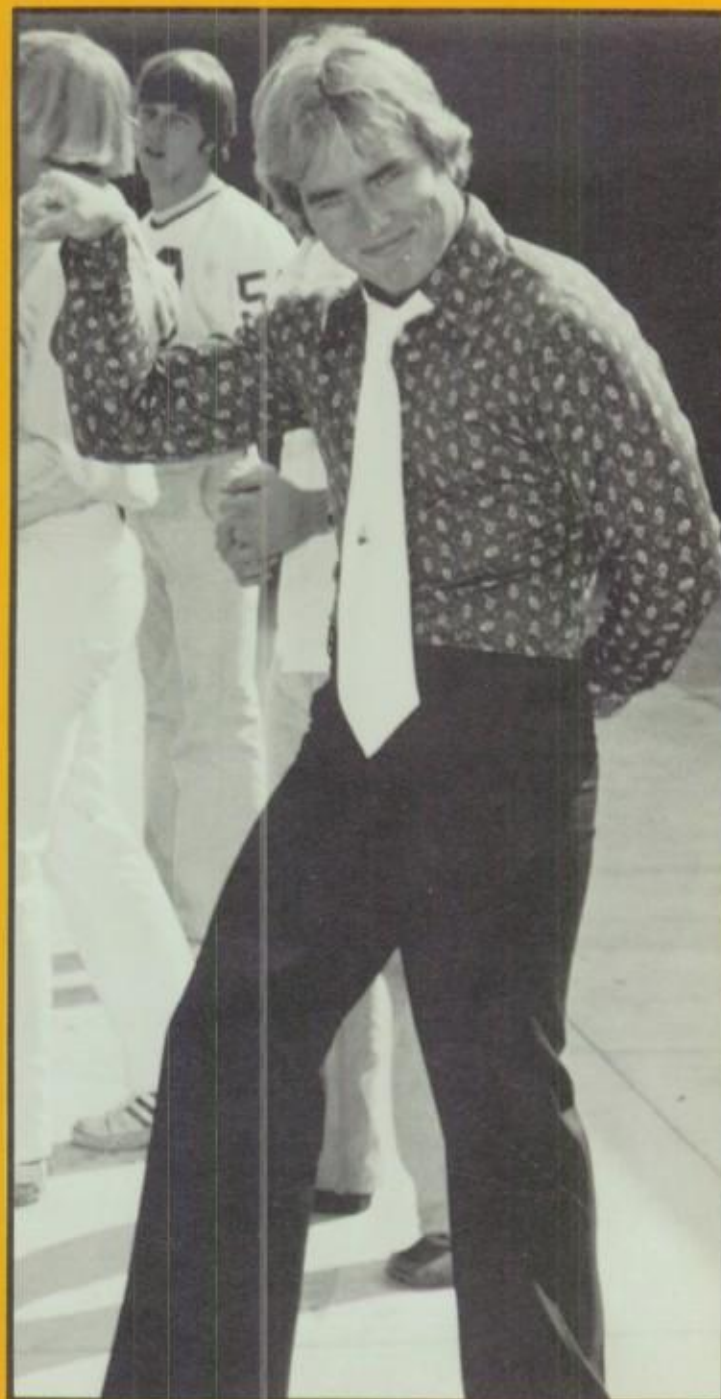

With this in mind, we dedicate the 1978-79 Roundup to the belief that there is no man who differs more from another than he does from himself at another time.

Homecoming Game Victories

Kings, Queens, lots of balloons, fireworks, old friends and parades. All these things will come to mind when we remember Homecoming 1978—a beautiful night of roses, hugs, kisses and memories. But memories are often something we'd rather forget.

No one will remember the tense hours for six anxious seniors all waiting and wondering if they were chosen as the king or queen; nor will they look in this yearbook and wonder how the staff contrived to get the pictures. After all, re-staging homecoming in a May Company portrait studio is a small task for someone as talented as our editor-in-chief!

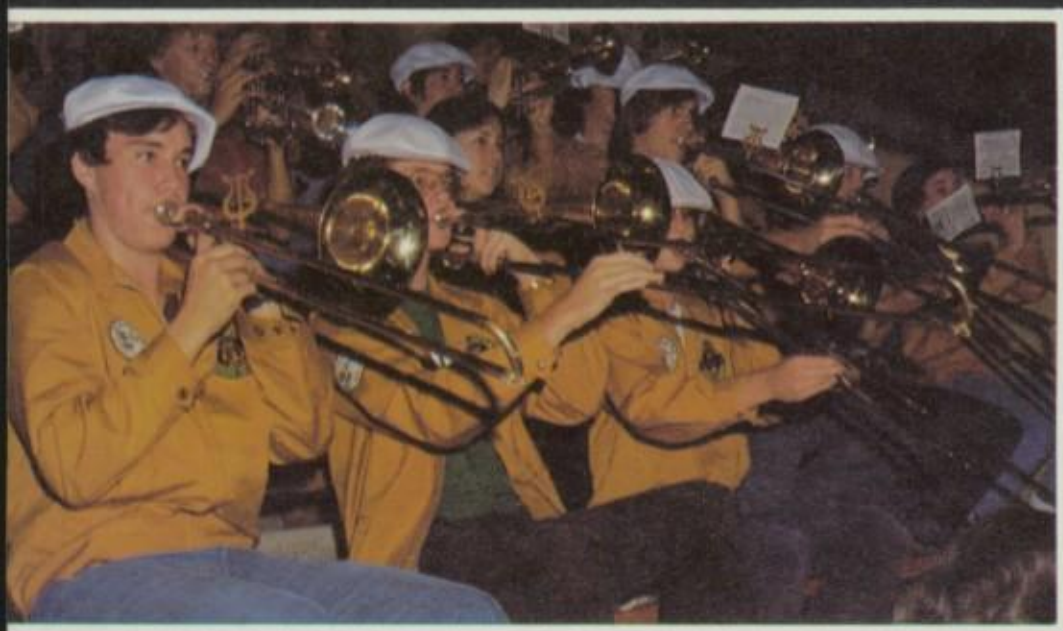

Obviously, Homecoming is about more than a football game, or a king and queen. It's about more than alumni from last year and many years ago coming back to remember what it's like to be in high school.

Homecoming is a spirit. It's a time that's as magical as Christmas and as exciting as the fourth of July. That makes all the hassles unimportant.

Kings and Queens, and lots of balloons, fireworks, old friends and parades... these things will all come to mind when we remember Homecoming 1978.

Long Hours & Practice

Bring Excellence To Mustang Marchers

Why would anyone get up at 6 o'clock on a cold morning, only to march around in a wet field? Why would band members practice endless hours only to put on a ten-minute show? Because they know that practice makes perfect. The mere notion of being in a band means many hours of working on music scores and playing countless scales. Every band member agrees that all these hours of practicing produce good shows and bring lots of entertainment to the public. Overall . . . *that's what they're all about.*

Have you ever tried to sell 500 coupon booklets? Or go door to door selling 'Goblin insurance during Halloween? Well, consider yourself lucky if you haven't. Band members had to fulfill these and other obligations to raise funds to go on a musical tour of San Francisco. "An outstanding performance" was the description of the band's performance at the Hilton. This comment and more raise our hopes in having an even greater band next year.

Newspaper Staff Brings Controversy To The Limelight

"Does anyone in here type?" "How do you spell tenure?" "Was it due today?" "Where's our Dictator-in-Chief?" "Oh no, not another deadline!" "Where's the rubber cement?" "I'm sorry, but my dog ate it." "I've got a great idea, let's put a 'Letters to the Editor' box in the library!" "NO Howard, you can't have your own column!" "You mean I have to write an article?" "How can I put out a Sports page without any pictures?" "Don't tell me you all have 'I-don't-have-a-story-itis' again!" "Suzie, will you come here please?" "My headlines don't fit!" "You want this ad to show in tomorrow's issue?" "How come I always have to write the articles?" "But Mr. Van Treese..." "You want me to write twelve inches on the chess club?" "Who's in charge of doing headlines this week?" "I thought you said it was due Thursday." *That's what they're all about.*

Bank Of America Awards Given To Sixteen Outstanding Students

Sixteen outstanding students were awarded with plaques and certificates from the Bank of America Achievement Awards.

The students are awarded for their outstanding academic achievement, a sense of responsibility, evidence of leadership, and the promise of a successful career.

The four students chosen this year for the general fields of Fine Arts, Liberal Arts, Science and Mathematics, and Vocational Arts are Sue Wright, Kirk Dominic, Anne Tilly, and Mike Braschek. These students were able to go on in the program and compete for additional awards.

They worked hard, and it paid off. *That's what they are all about!*

FACULTY

Art spoken here

As faculty editor, I saw Mesa from a different perspective. The faculty is there not just to drill facts into your head, but also helping you in your everyday life working with other people, accepting commitments and following through with them. They have feelings just like everyone else, one main one being that what they're there for is important-whether the student might realize that or not. They love what they are doing.

A big blow to the school was the death of Mrs. Virginia Dawe. Two weeks later another followed-Mr. Robert Corcoran. This one really hit me hard as I knew him personally. Teaching was his life. To find that no pictures had been taken of either was a disappointment.

You never really stop to think that one day a teacher, or anyone else for that matter, is there and suddenly the next day they're gone-for good. *That's what it's about.*

AB65 and Hart Bill Are Additional Duties For Administration

If it were not for the administration, our school would not be able to function as a school. Being the "backbone" of Mesa is not an easy task, with the objective being to "facilitate the learning process through administrative guidance" where each person plays a different role, whether it be from planning activities to actually helping the student with his problems.

Some of the normal problems that the administration deals with are the declining enrollment of students, lack of finances, angry parents or students and the daily maintenance problems that occur in any large institution.

Two additional concerns for them this year were the Hart Bill and AB65. Under the Hart Bill, all sophomores were required to take a proficiency test in November. They were tested in computation, reading, math and composition. Once the results are completed, it is up to the administration and teachers to make sure all of these students will be "up to par" by the time graduation rolls around.

AB65 has provided \$300,000 for Mesa to use toward improvement of the school. This year, a committee, comprised of students, parents, faculty and administration, planned how the money would be used, and the following years should bring about many changes.

A big time commitment is part of the job. Someone, whether it be Mr. Packer or one of the others, always tries to represent the school at all activities by attending the events themselves. Conflicts sometimes make this difficult, though.

Mesa's administration is a group of dedicated, hard working people and the student comes first. *That's what they're about.*

Important People Serve

The School In Many Different Areas

There are many people at Mesa who are taken for granted, but without them the school would be chaotic.

The ASB office is the heart of the school. Leadership is run through it. They are given approximately \$50,000 for a budget. Their job ranges from club activities to formal dances, from fund raisers to the selling of ASB cards.

The attendance office had a big absence second semester. Mrs. Debbie Rumble left to have her own child to help ease the dropping of enrollment in the schools. Verifying absences and issuing readmits are only a small part of what they do.

The cafeteria is district operated. It involves food and menu preparation. At the end of the year they are in charge of the food at the different award banquets.

Mrs. Jean Redmon-Hernandez, the switchboard operator, reads the announcements every day. She also trains students through work experience on the switchboard.

Different careers can be looked into at the Career Center. Coastline Regional Occupation Program gives students the chance to work and earn high school credit at the same time. There is also a bulletin board with jobs in the area posted on it.

Mesa has its own news show, K-MESA, that is aired every Thursday. The students involved with AV-TV learn about all aspects of producing a show: performing, writing, planning and technical work. This year they did a short film on the cross country team.

Cutbacks were made in the janitorial service due to financial problems. Only half an hour per week is allowed for each room.

All of these services are important, and the people are to be commended for their work. *That's what they're about.*

Social Science Offers

Interesting Classes With Wide Variety

The Social Science department offers a wide variety of classes ranging from the study of ancient Rome to the present day. These classes help to teach the student how to live and survive in a community, each in his own way.

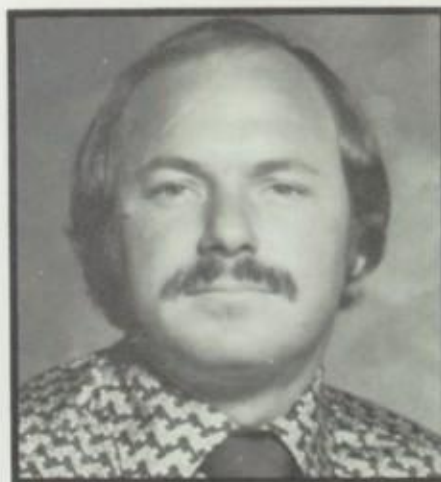

Geography enables one to learn about different climates and land structures. This might be useful for a person who develops an allergy to a particular climate or something that grows in that climate. They would need to know where a suitable place to live would be.

A better understanding of the background of where you live can be obtained through U.S. History. U.S. History also helps college-bound students to do term papers, essay tests, objective tests and take notes.

The law of the land is taught in Civics. If you're caught in a bind legally, ways to handle the situation are discussed, and voting procedures are also covered.

With the advancement of technology, the world is smaller than it used to be. This brings people of different cultures together, which makes it essential to learn about them. World History makes this possible.

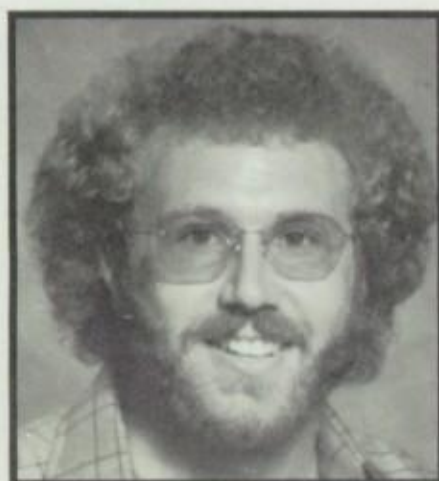

One big reason for these classes is to make people aware of mistakes that were made in the past so that they will not happen again in the future. After all, the great empire of Rome fell. One could consider the United States a great empire. Will we too fall? *That's what they're about.*

Special People Provide

Mesa Students With Many Special Things

The Special Education department at Mesa consists of four certificated people who usually do not receive the recognition due them. Their jobs are important, and Mesa would be at a loss without them.

Mr. Mal Buchanan, the librarian, is trying to stretch the dollar as much as possible with the financial cutbacks. Added to the library were more calculators, film strips and references. Teachers often work out class assignments with Mr. Buchanan to give the student a better understanding of the library. He's also trying to arrange more seating—for the more kids that come, the happier he is.

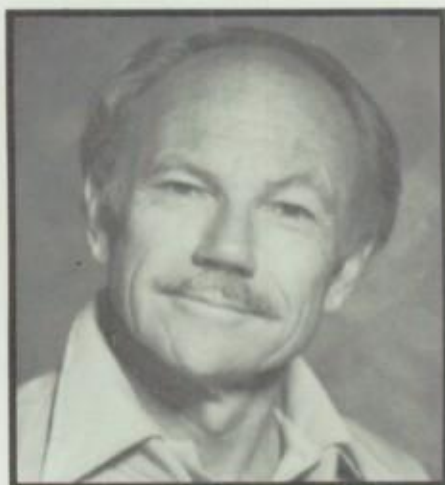

Mrs. Jean Iiams, school nurse, is interested in the health and welfare of the students. Vision and hearing tests are given to everyone some time while they are at Mesa. If there is a problem with finding a doctor, she always helps, and sometimes financial aid can be obtained, also. Counseling also fits into her daily schedule. The free lunch program is run through her office. where she also talks about diet and nutrition.

Mrs. Joyce O'Neil and Mrs. Leigh Ford deal with helping students with certain learning weaknesses. The weaknesses can be improved so that the student can continue in college or go out and get a job.

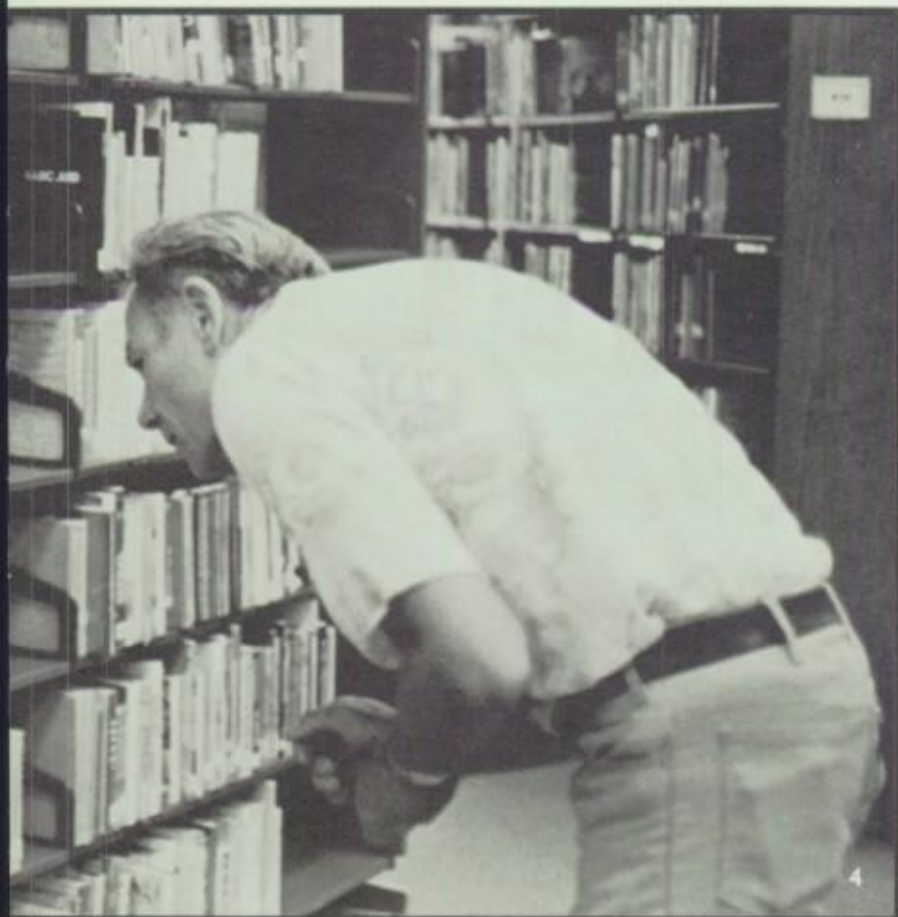

By the way, Mr. Buchanan and Mrs. Iiams will sometimes help with homework, but beware, for Mrs. Iiams will chase the lingerers on to class. *That's what they're about.*

Many Services Contributed

To Different Mesa Groups By PAVE

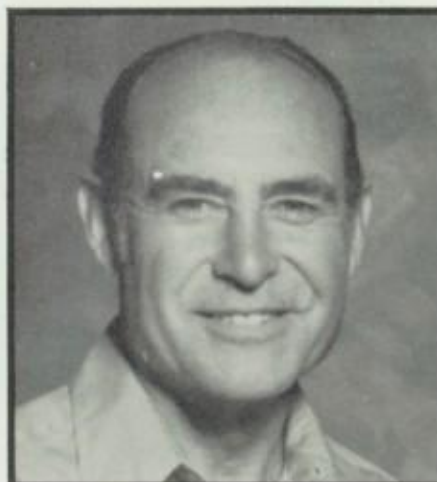

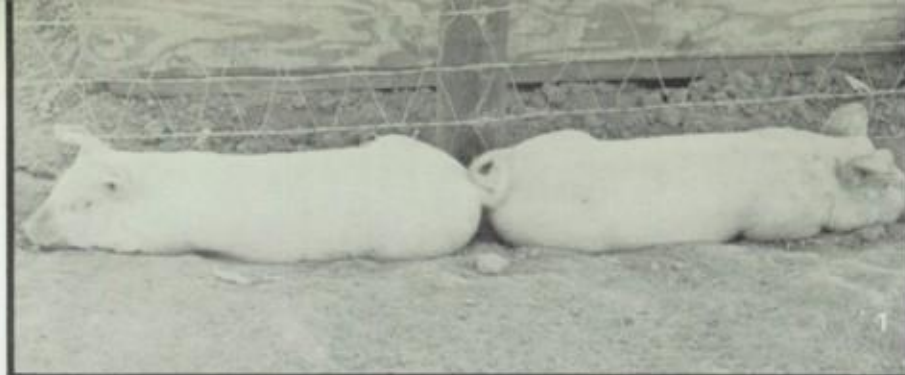

PAVE is a department where doing favors for other people is not uncommon. Many career opportunities are available through the different classes.

Business classes offer the Certificate Program, in which there are ten different certificates ranging from typist to legal stenographer. To earn a certificate, one must have at least a "B" in the classes, good attendance and a good attitude. MTST produces the newspaper for Fine Arts with the help of Mrs. Evelyn Bauermeister.

Industrial Arts also uses a certificate program involving drafting, wood, electronics, plastics and metals. Mr. Bob Schnurstein helps Fine Arts by building sets for the plays. He also makes negative carriers for the photo classes, saving Fine Arts \$22 a piece.

Our agriculture department is the only one in the district and is considered one of the most modern in California. Small plants to large animals are taken care of, and many of these projects are money-making. This year money was made by selling corn and pumpkins. The extra pumpkins were donated to the foods classes for pies. An integral part of the department is the involvement of the Future Farmers of America.

For the first time ever at Mesa, there are more boys than girls in the foods classes. Second semester, a boys sewing construction class was added. A bulletin board was started with pictures of different boys involved in the classes with a statement from each. The main objective is to make the students better consumers. *That's what they're about.*

Driver's Ed And P.E. Classes Offer Variety To Students

Driver's education and physical education offer things that are a part of everyone's life.

With exercise becoming more and more popular everyday, it is hoped that the students will continue to exercise for the rest of their life. Quite a number of students are opting to take P.E. even though only three years are required for graduation.

Physical education is a way to release energy and tension. Some say that students tend to do better in school when enrolled in a P.E. class because of the change in atmosphere. Worries and pressures can be forgotten about during the activity, and they might even seem lesser when finished.

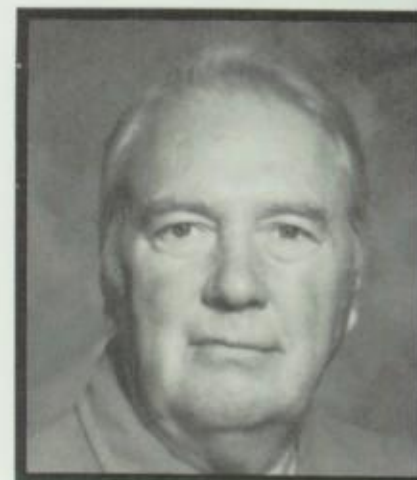

The athletics section tries to upgrade each student's skill moreso than in regular P.E. for the competition level. The emphasis on competition and skill is both mental and physical. Good sportsmanship is also emphasized.

Driver's education offers things from first aid to actually driving behind the wheel. The student is given a chance to drive in many different situations ranging from residential areas to the freeways. The student achieves a basic understanding of the rules of the road.

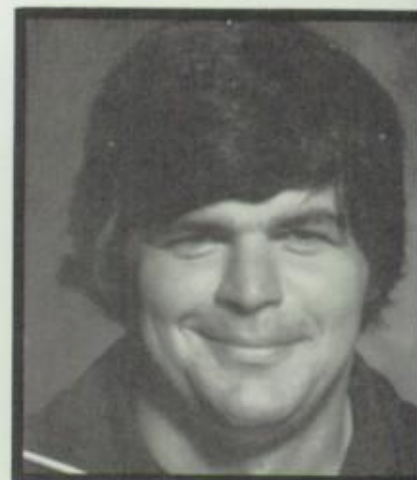

First aid is taught so that you can know how to act and what to do if a person is hurt or in trouble.

The parts of a car are discussed so that maintenance won't be such a mystery to a lot of people. Tips on buying a car are also given.

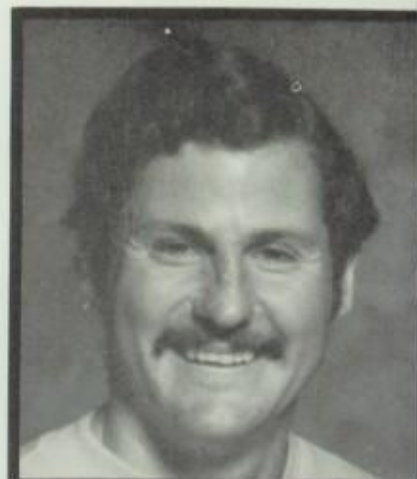

The rest of your life can depend on what you learn and get out of these classes. *That's what they're about.*

English; Foreign Language Teach Many Ways Of Communications

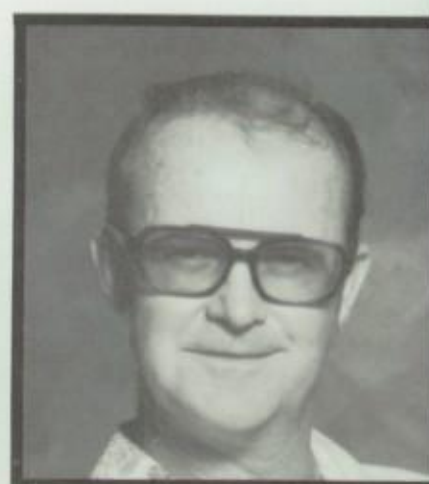

Communicating words, thoughts or ideas, whether on paper or spoken, either in English or some other language, is all a part of the English and Foreign Language Department.

The English Department, through this communicating, tries to have the student see as many minute details as possible. This enables one to express himself clearer to others for a better understanding.

Every day the study of a foreign language becomes more important with the availability of travel and the increase of people changing their residence to new countries. The classes are not limited to grammar and conversation drills, but the culture, customs and history of the country are given equal billing. Hopefully a more positive attitude of other people in different surroundings may be achieved.

Although it is advantageous for students to continue with a language after graduation to gain better fluency, it is obvious that most will not choose to do so. Therefore it is necessary for the foreign language program to provide for both categories of people. While the basics in listening, reading, writing and speaking are taught, it is also necessary to provide a challenge for the more ambitious which leaves our department working hard.

Some say that a person who has studied the people and language of another country will understand himself and his own country better. From the English Department's aspect it is hoped that one learns how to express himself not only about literature, but about life in general. *That's what they're about.*

Math And Science Open Many Doorways To The Future

A large portion of Mesa's college-prep classes lie in the Math and Science Department.

The Science Department is basically divided into two sections, beginning and advanced. In the beginning classes, learning about the physical environment is emphasized. One can learn about what is going on around us from the atmosphere to more concrete things that we see, touch and think about every day. It's a different way of looking at the world. Through these classes one can also learn to decipher diagrams and instructions for making things such as radios, televisions and airplanes.

Advanced science classes are designed for those that are more professionally interested in the science areas. These could be people who would like to be doctors, nurses, scientists and even engineers. The teachers try to show the student what it is like in the college classes which they might run into by teaching at a university level.

Mesa is known for its success in the Math Department, as our SAT scores are high. The teachers aim for perfection, but also try to help teach the student to survive in college and society.

The lower two levels of the three in the department basically teaches one how to think logically and teaches simple survival skills.

The third level is the college-prep course. Asking questions and communicating things one already knows are emphasized. Study habits and notetaking are also stressed.

The longer you are in math, the more you can do as it opens many doorways. Discipline and preciseness for doing things are developed and jobs range from salesperson to the stockmarket. *That's what they're about.*

Individuality Emphasized In MALT and Fine Arts Divisions

A totally different type of division can be found in the Fine Arts. You need to do more than just think in these classes. Imagination, creativeness and participation are all a part of discovering how everyone is a unique individual.

Drama is taught with the idea that everyone is a thousand clowns, but each person only lets out one of those clowns for other people to see. Where are the other 999? Playing other characters helps to unlock the door and let other clowns out. It could be anywhere from a mother to a murderer, but they're all okay. You just need to understand them. Then you can understand all people better, including yourself, without being prejudiced.

MALT, Mesa's alternative school, is a different way of learning by taking your own responsibility for your actions, decisions and what you learn. Both large and small group discussions are held with the hope that your communication level is increased.

Showing things as you see them is done in art and photography. An increased awareness of the beauty in life, surroundings and the environment is developed. The classes are very product oriented and the student gets a great feeling from recognition.

Music classes give you the chance to work closely with other people towards the performance. This can be a big learning experience about people.

Learning to work with others is a part of publications also. Accepting the commitment and then following through with it to the last deadline is a big thing to accomplish.

Different things are to be gained by different people in these areas. They all aim for one thing—the finished product. *That's what they're about.*

SPORTS

As this year's Sports Editor, I have enjoyed many aspects and have had to cope with many problems in the compiling of pictures and copy for this section. I hope you enjoy the pages to come as much as my staff and I have enjoyed producing them for you.

Not many people realize the many hours demanded to complete just one page and the many problems that seem to occur before that page is finally complete. Conflicts such as fighting for space in the publications office, arguing with the advisor over the quality of the cross country team pictures, writing copy when you don't have the slightest idea what you're writing about and, lastly, but most often, being confronted daily by fellow athletes who want to make sure a picture of them is published is *what it's all about*.

Now that it is all over, it is, without question, one of the most rewarding experiences I have ever had—I did it—and for so many months I was convinced, deep down, that it not only wouldn't but couldn't be pulled off. A special thanks is forwarded to the coaches and athletes whose efforts made this section possible.

Mustangs Make It Two In A Row; Shock Sea Kings For League Championship

The 1978-79 Varsity Football team finished up the season in the number one position in the newly formed Sea View League. Bumping off the highly rated teams such as El Toro with a baseball score of 3-2, and defeating #6 ranked Corona del Mar 10-7, Frank Elbourn put the final touch on the "Toe(ds)" upsetting victories.

Leading the Mustang attack was Bill Lux with his sure-fire passing ability. The Mustangs went on to achieve an 8-3 overall record. When healthy, ace runningback Mike Teregis gave the Mustangs an extra boost with his 100 plus yards per game average. Contributors on the ground were junior Chris starkman and seniors Brad Millar, Dave Pelichowski, Frank Elbourn, Mike Ziegler and Matt Hendricks.

The defense was led by first team All League linebacker Mike Scarlett, who led in tackles. Other first team selections were tackle Chris Monahan and safety Scott Miller. The defense always seemed to come up with a big play, such as the one in the Mission Viejo game when Brett Thompson made an interception returning it 50 yards for the score. Another big defensive game was one in which the defense held El Toro scoreless.

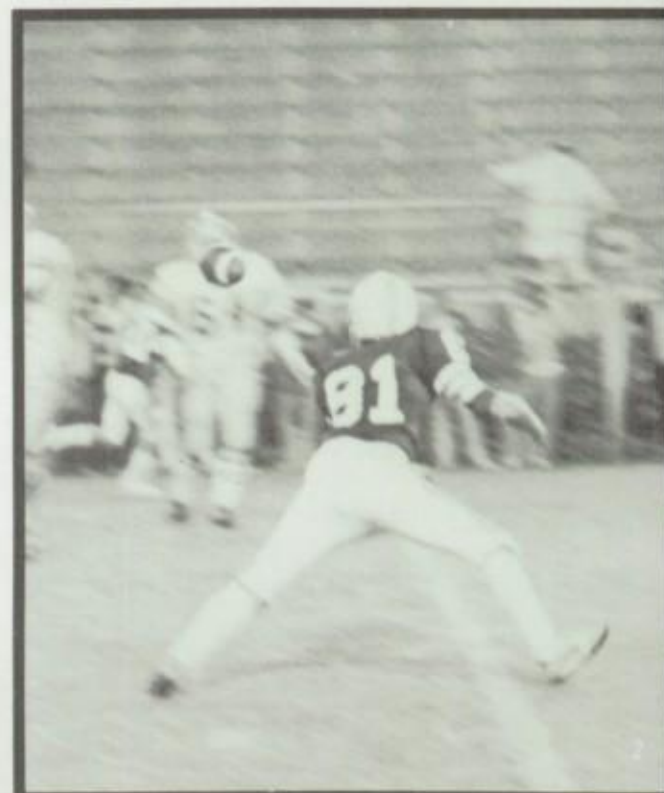

Combining the efforts of offense and defense the team went into the Corona game fighting for the league championship. While the offense marched up and down the field, the defense held the Sea Kings inside their own 50 yard line most of the game. Coming back from a 7-0 halftime deficit the Mesans rallied from behind to capsize the Sea Kings. As the gun sounded, the Mustangs wound up on top with a 10-7 victory and the league title.

Gaining a ranking in the C.I.F. poles, the Mustangs went into first round play off competition against the much bigger Ontario Wild Cats. Coming back with a sore thumb, Mike Moiso caught two touchdown passes which led the offensive scoring to a 38-7 route.

Going into second round action the Mustangs faced the number one rated team in the playoffs, El Dorado. In an offensive battle of the quarterbacks, the superiority of El Dorado's offense proved to be too much for the Mustangs, and the Mesans suffered a 27-35 loss. The Spartans went on to the finals.

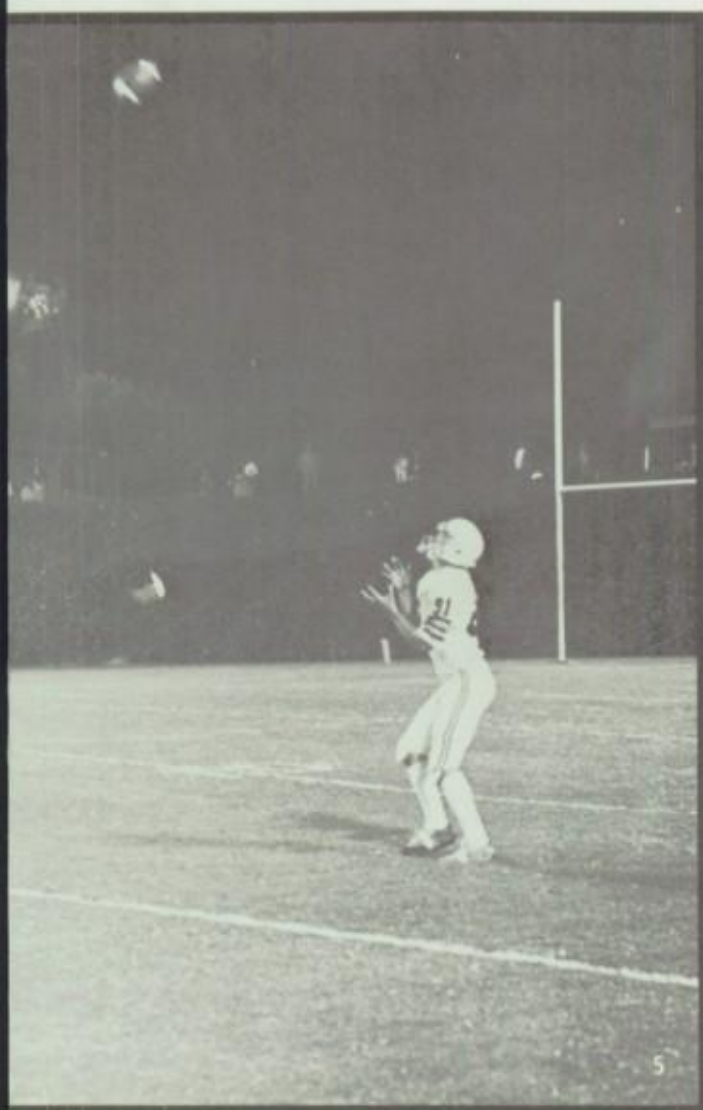

Selecting this year's All League Players were the coaches of the six Sea View League teams. Mesa's all league selections include: first team quarterback Bill Lux, who was also the league's offensive player of the year and second team all C.I.F. back; junior Dan Bauer as the first team split end; second team guard Frank Elbourn, tackle Dave Pelichowski and running back Mike Teregis.

Being the second team ever in Costa Mesa history to win league and compete in C.I.F., the graduating seniors from this year's team would like to thank this year's "Coach of the League," Tom French, for his dedication. *THAT'S WHAT THEY'RE ABOUT!*

J.V. Football Comes On Strong In Second Half Of Injury Plagued Season

A few bad breaks really affected the J.V. season record. In the first part of the season Mesa was plagued by injuries. Midway through the season, however, Mesa's luck changed.

The second half of the season demonstrated the squad's potential, as they decimated Irvine's hopes. Greg Teregis showed his true abilities. This was the clear turning point in the season. The final score was Mesa 13, Irvine 0.

When University's time to take on the Mustangs came we were eady and waiting for them. Jeff Arbuckle led Mesa with two touchdowns. At the gun a very disgusted Unviersity squad left the field humiliated 43-13.

This much improved J.V. squad shows great promise for future years at Costa Mesa. The griders' 4-3 record afforded them a third place finish in league. Varsity coach Tom French expects this dynamic group to fare well during their varsity year.

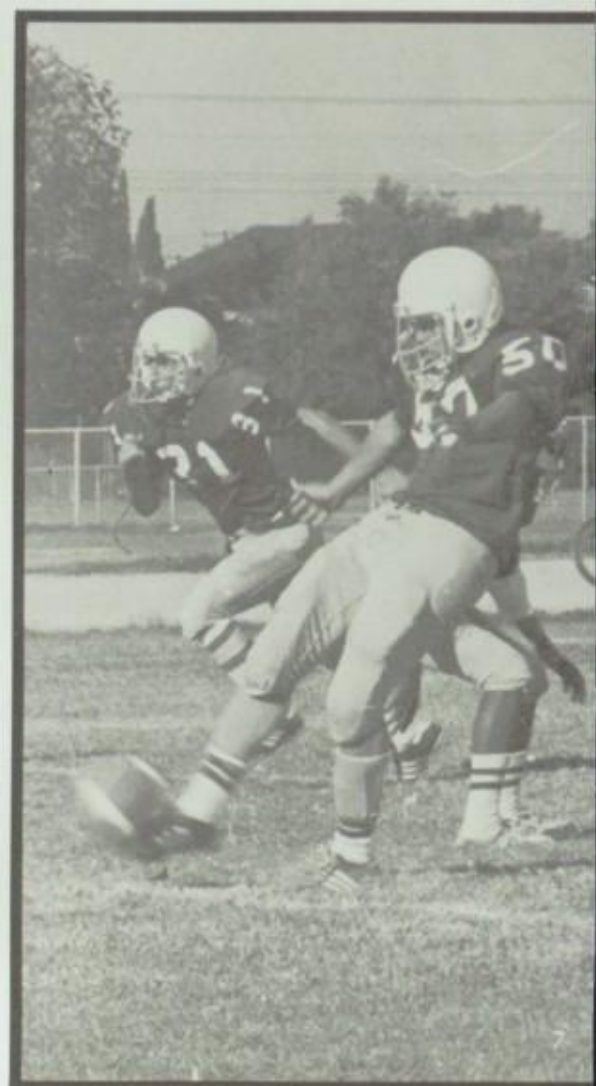

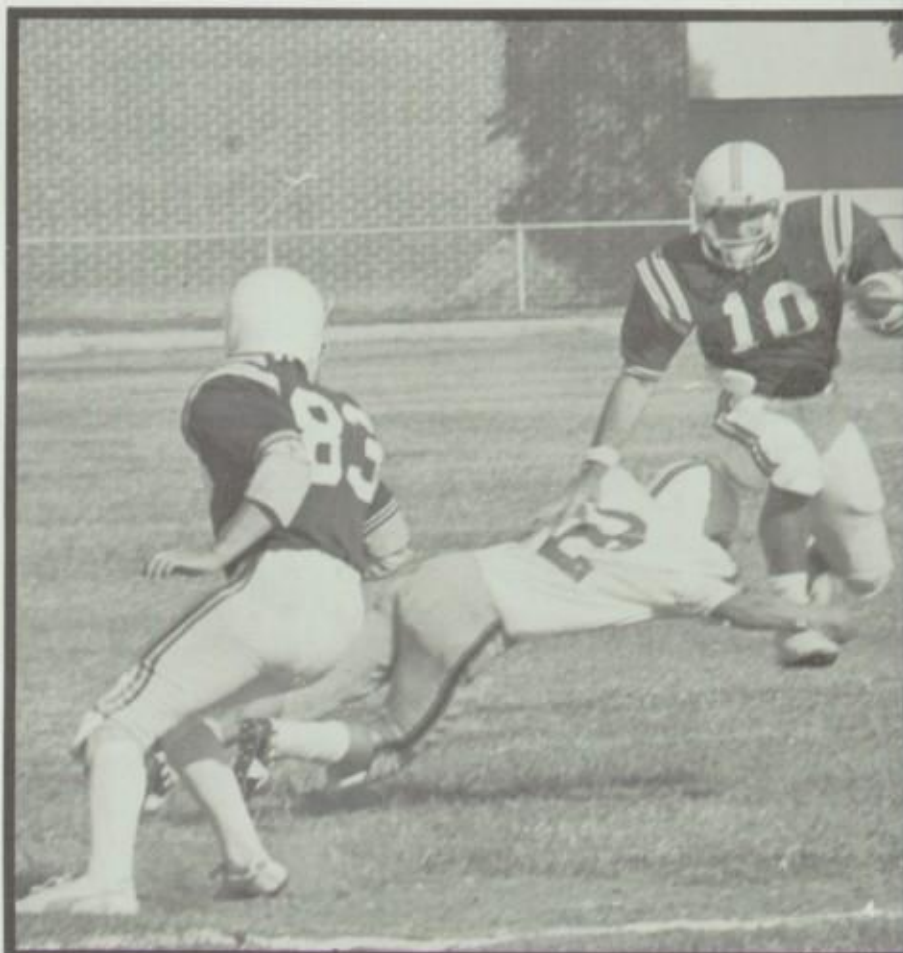

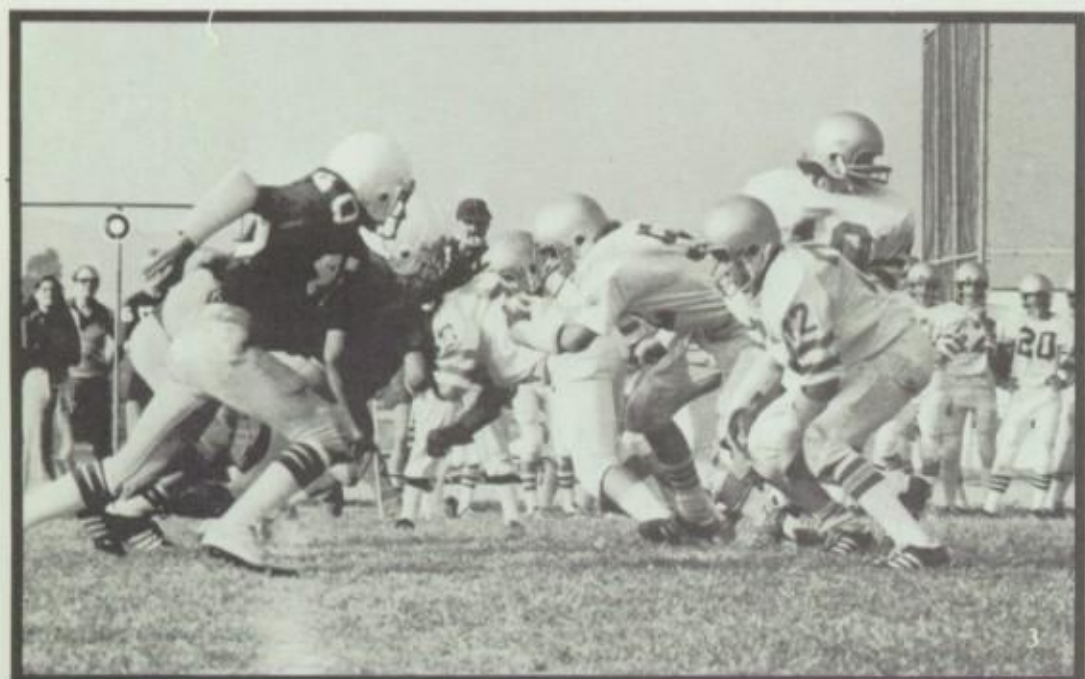

Players who love to hit have set the scene for a successful 1979-80 schedule. The team's Most Improved Player, Bob Millett, along with Greg Teregis as the Mustang's first rate quarterback provided the team with the inspirational life necessary to defeat the majority of its opponents, showing *what they're about*.

The many long hours of practice; along with the experience of this year's injuries and problems have been beneficial to all members of the squad, who now know what to expect in the seasons to follow. Most of all, it has been made super clear to all of them that its when the going gets tough that the tough get going. When one member is down, the game goes on—someone else will have to come through with that game breaking play—and they know that there are many on the squad capable of coming through when the chips are down.

1. Mike Teregis struggles for more yardage.
2. Scott Miller picks up extra yardage.
3. Dan Bower dodges another opponent.
4. Coach French gets caught up in the emotion of the game.

1978-79 Junior Varsity Football

Freshmen Suffer Setbacks But Show Great Potential For Years To Come

The Freshmen can look to next year in hope of getting back at teams that beat them. Although their record shows that they need great improvement they just need team work says Coach Oberrueter. He went on to say how the team had the ability to take league, they just couldn't seem to put it together.

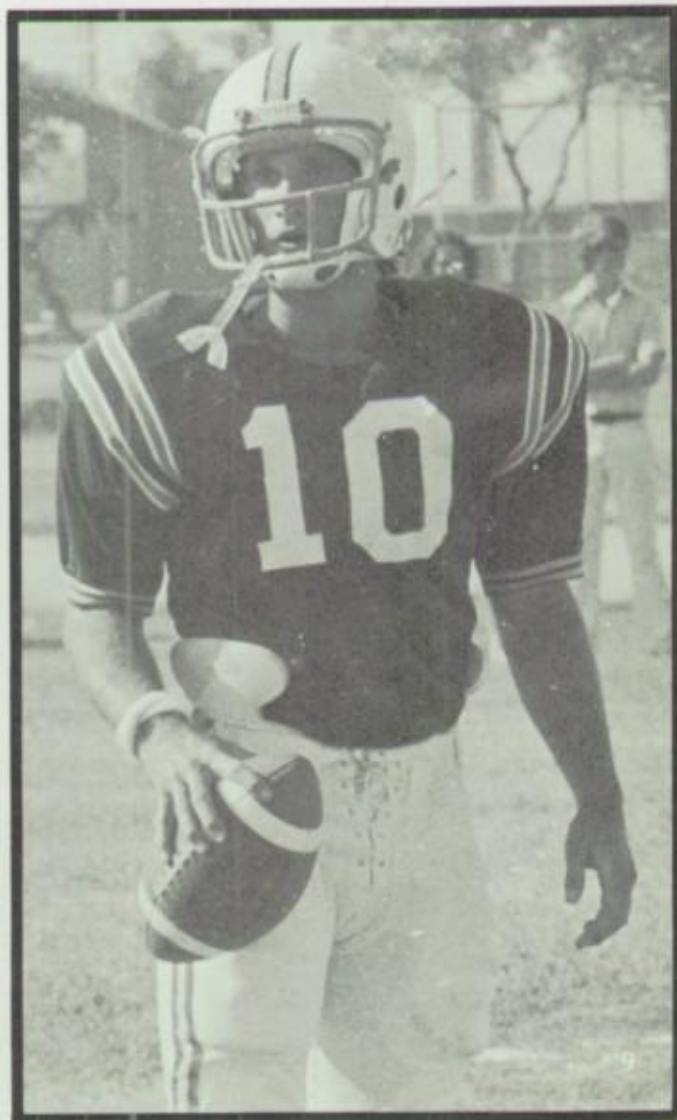

The offensive team, led by quarterback Steve Anderson, suffered many key injuries which, of course, hurt them at the most crucial times. The team did have a great running attack with Alan Culver and Onasis Nixon at the throttle. Coach Oberrueter said that "These two have outstanding potentials, with a little experience they will be great!"

The offensive line, led by outstanding tackle, Greg Bardsley, led the team's rushers this year and should really help the Varsity Squad in years to come.

The best game of the season came against San Clemente. The Mesa Squad humiliated them in this away game. The defense held them to just one touchdown, while the offense chalked up 24 points. *Now That's What We're About!*

Netters Finish Excellent Year; Advance To First C.I.F. Team Entry

Gaining their first ever C.I.F. berth as a team, Girls Tennis faired extremely well this year.

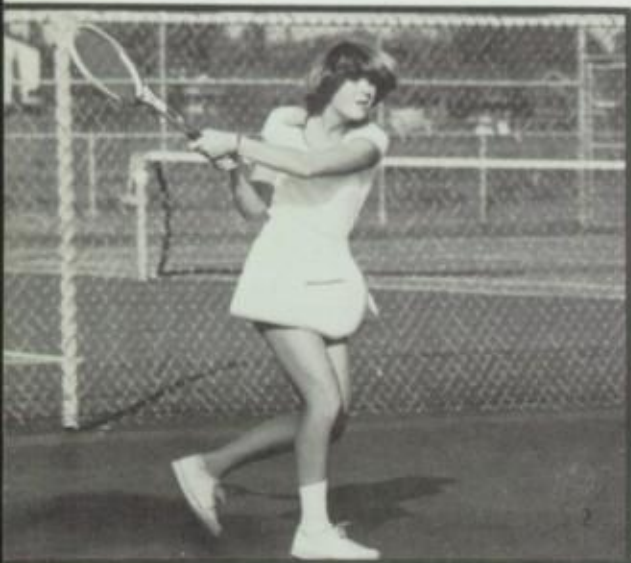

Behind excellent singles play by sophomore Becky Barmore, junior Debbie Goettsch, and excellent doubles play by the team of Janet Khorey and Dori Alguire, the squad finished third in one of the toughest leagues in Southern California.

League Finals were exciting and then disappointing for Barmore—she finished in a three way tie for First Place—then she was denied a C.I.F. playoff berth by the toss of a coin. Khorey and Alguire also made the finals and placed third.

The team played very tough in their first playoff match, beating Los Amigos 15-3. In the second round, illness took its toll, and a powerful Riverside Poly team handed the female netters a season ending loss, 12-6.

With only two seniors lost to graduation, next year's team promises to be a contender for the league title.

The Junior Varsity squad also finished with a good league record, promising great potential for women's tennis for years to come. Illnesses and lost coin tosses may determine the eventual champion—but *that's what it's about*.

Varsity Waterpolo Enters C.I.F.; Places Two Players On All-League Squad

The Varsity Waterpolo Team for 1978-79 once again finished with an excellent season record— 17-8 overall and a 4-1 league record. Throughout the season the team was led by hole man Matt Whitmore and the driving ability of Alan Chacon, providind a second place finish in league. The season began with a loss in a very emotional game against Estancia.

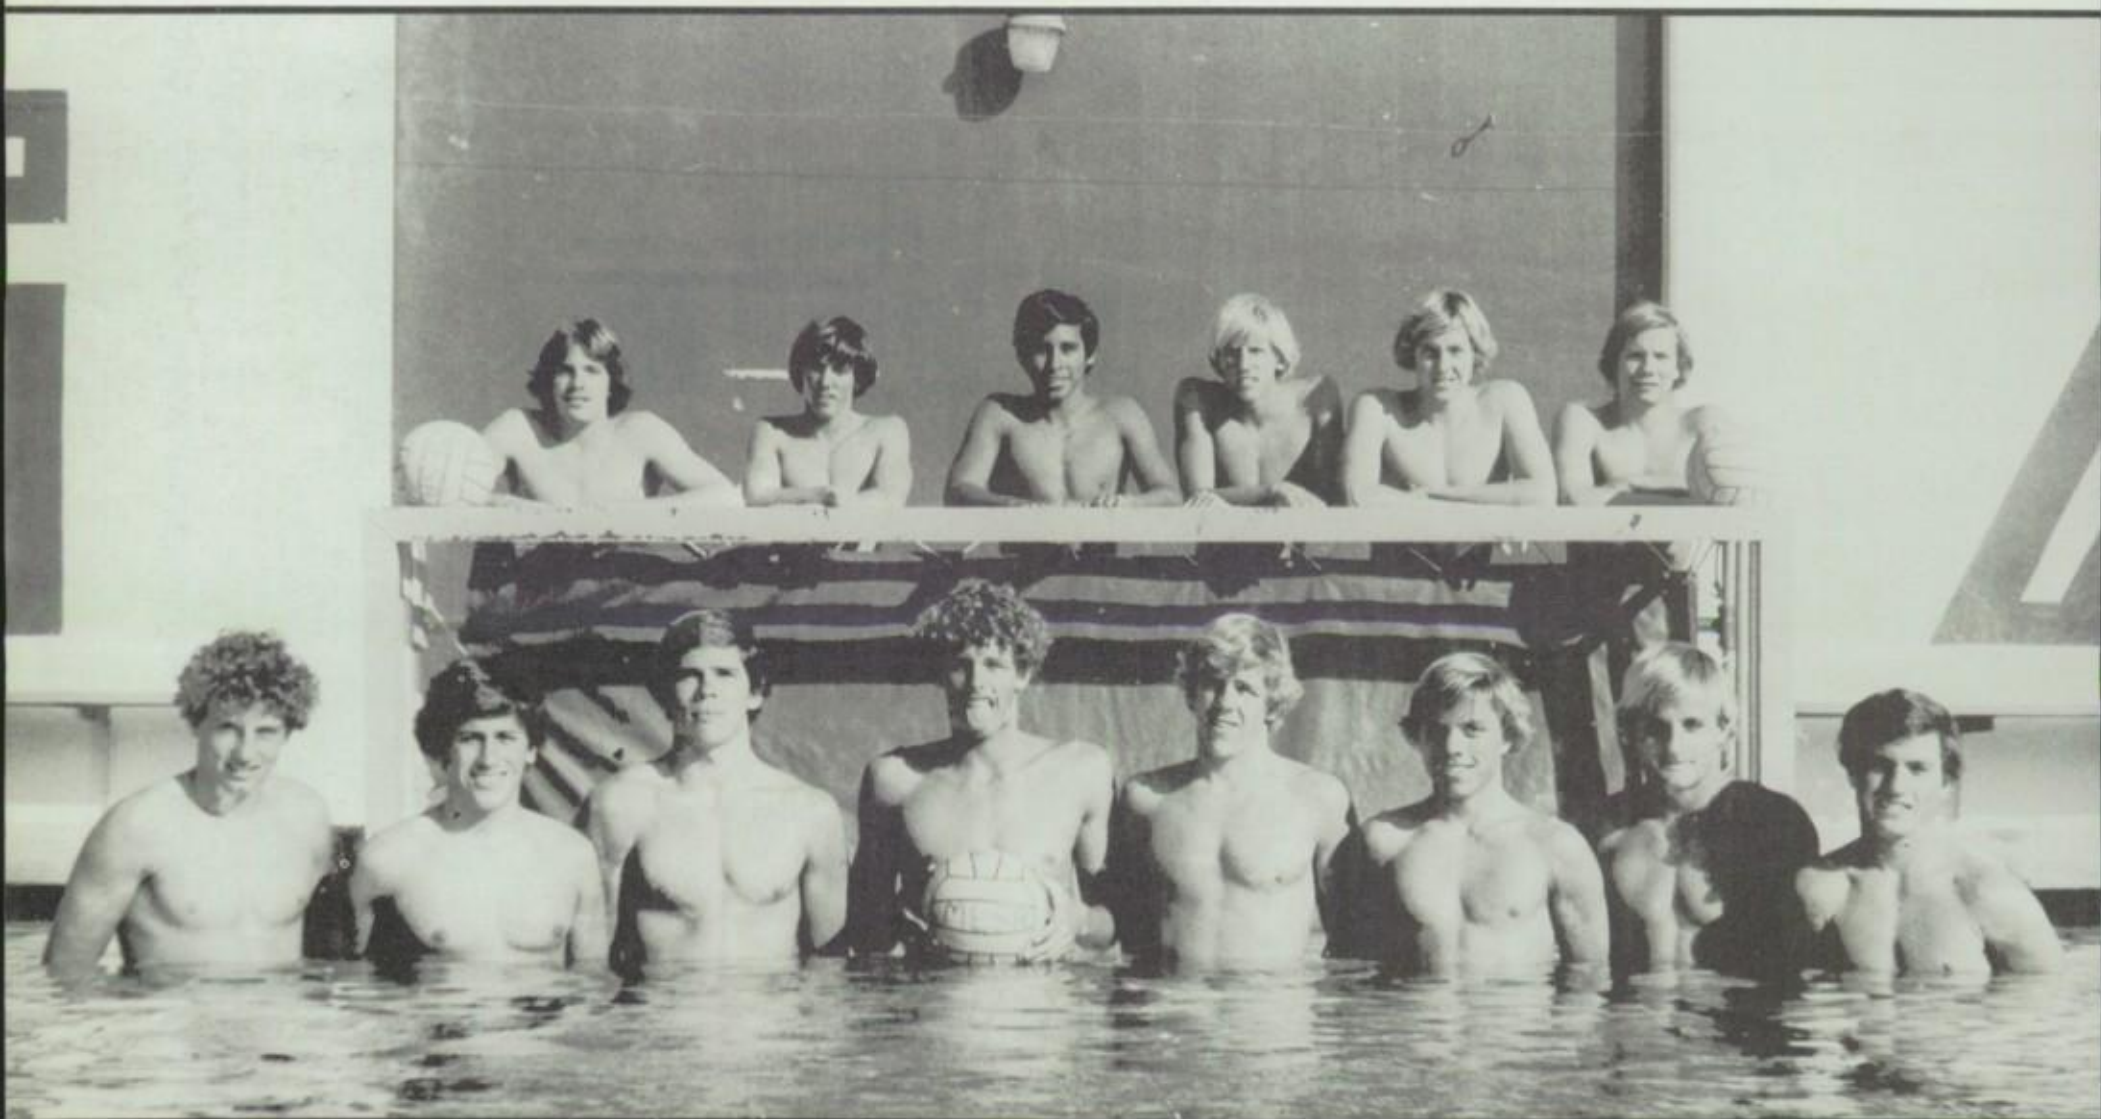

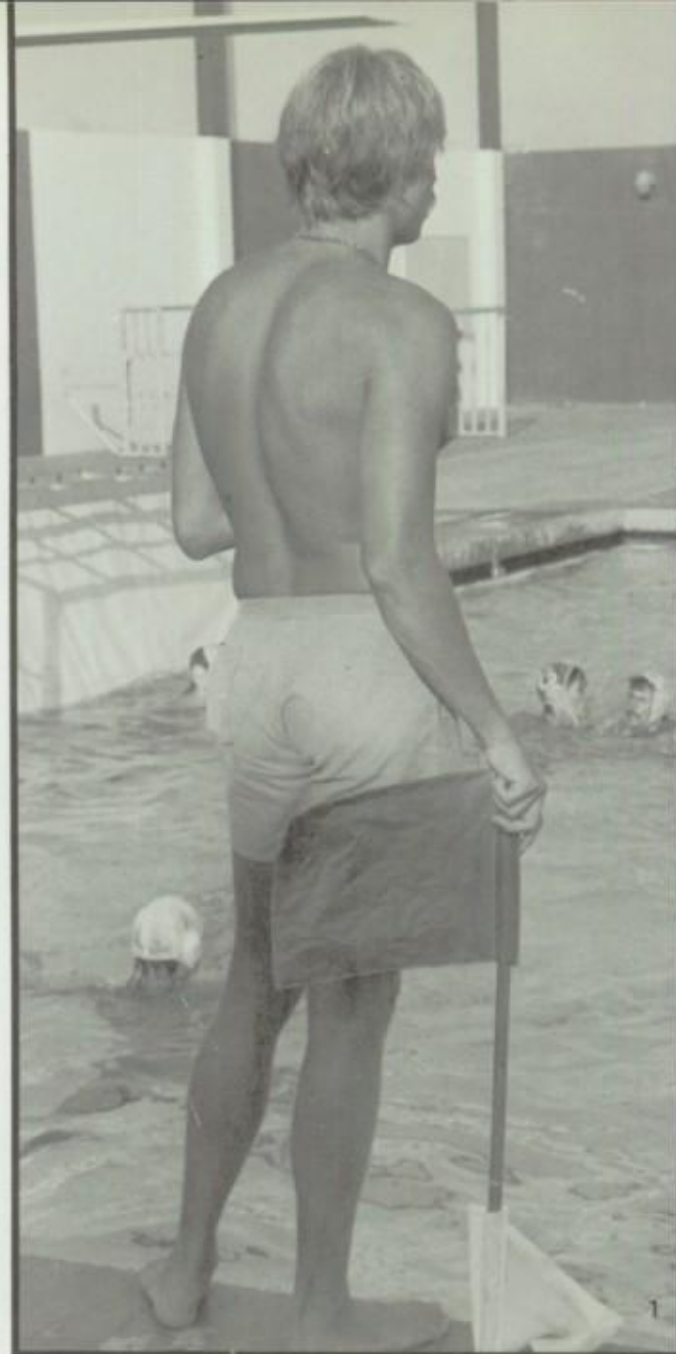

The team played very well, considering the Varsity only had two players who practiced over the summer.

In an exciting game against Downey, the senior filled squad showed *what they're about* overcoming a 4-0 first quarter deficit to become victorious. The Mustangs shut Downey out for the next two quarters and allowed them only two goals in the final period on their way to the upset over the eighth ranked team, 10-6.

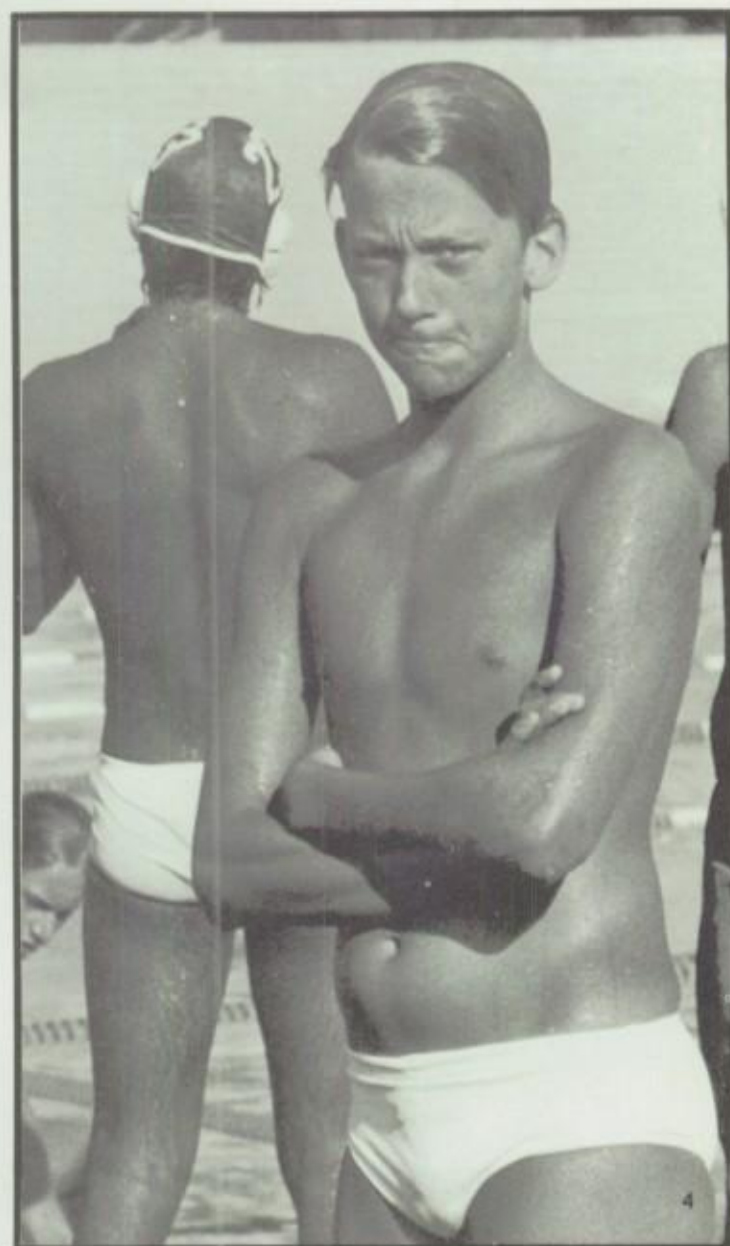

After squeaking out an 11-10 first round C.I.F. victory, the ninth ranked Mustangs took on seventh ranked Mira Costa. Asleep through the first quarter, the Mustangs found themselves down 5-1. A great comeback brought them to within one point, 8-7, but the final two minutes found Mira Costa the winner 13-8. Earlier in the season Mesa was on the short end of an 18-9 score against the same team.

In All-League voting the Mesans placed Whitmore and Chacon on the first team; Perry Zachary and Mike Castillo were voted second team.

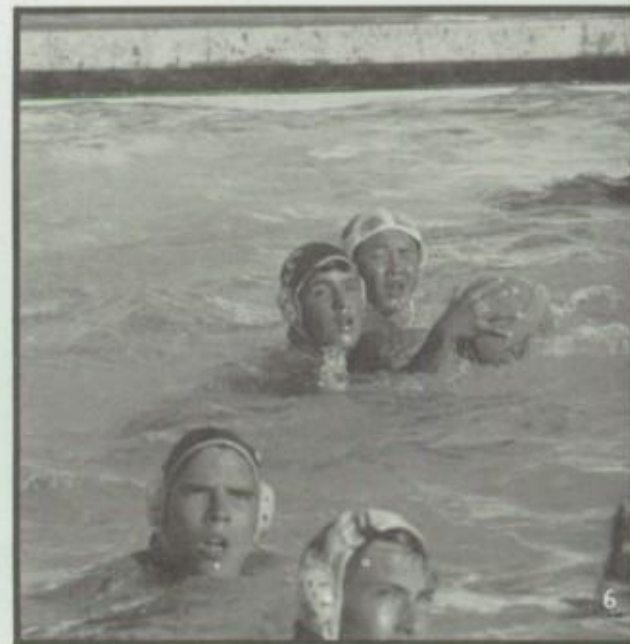

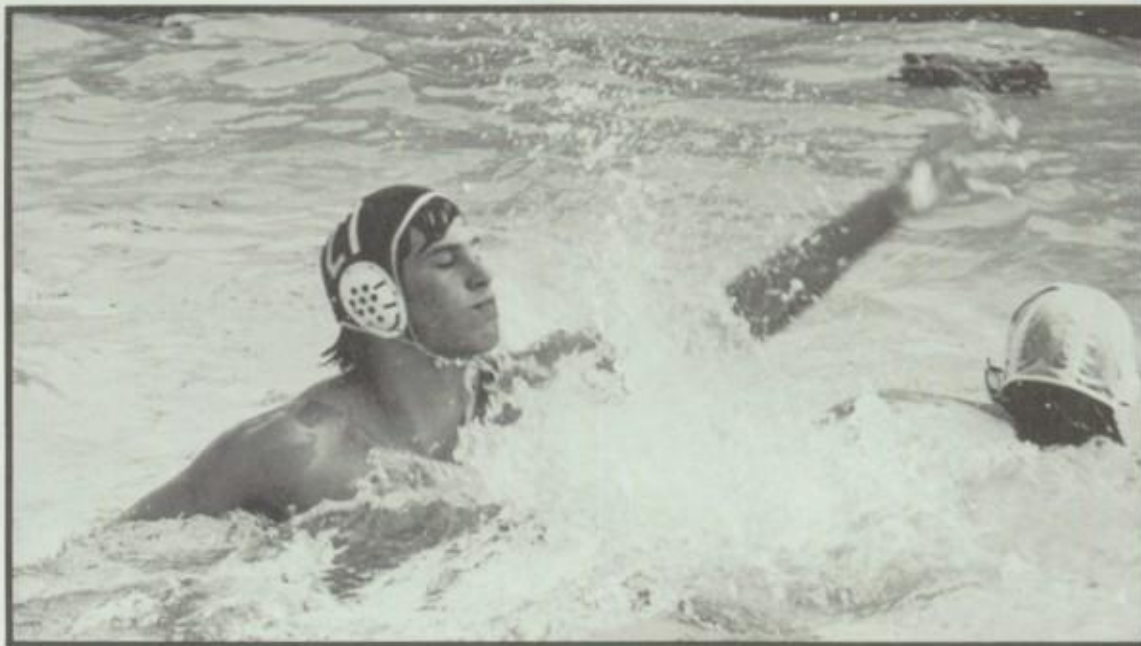

Graduating seniors include Matt Sponagle, Tod Pickett, John Earnest, and all four of the All-League picks.

For Coach Shupp

Leave me alone,
 I don't want to fight anymore,
 Please let me be,
 I don't want to lose again,
 I feel afraid,
 That I'll make a dumb mistake,
 But I don't know,
 Maybe if we fight we'll win.
 You say to try,
 I look and I see little hope,
 I try anyways,
 And I see that you were right,
 I feel so down,
 If I lose to anyone
 But it's not as bad,
 If I know I gave a fight.

1. Mike Castillo thinks of highs to come.
2. Closed eyes and all, Tod Pickett blocks the ball.

J.V. And Frosh/Soph Polo

Finish Strong Season As League Champs

The 1978-79 Junior Varsity and Frosh-Soph Waterpolo teams both finished as champions in Seaview league competition this year.

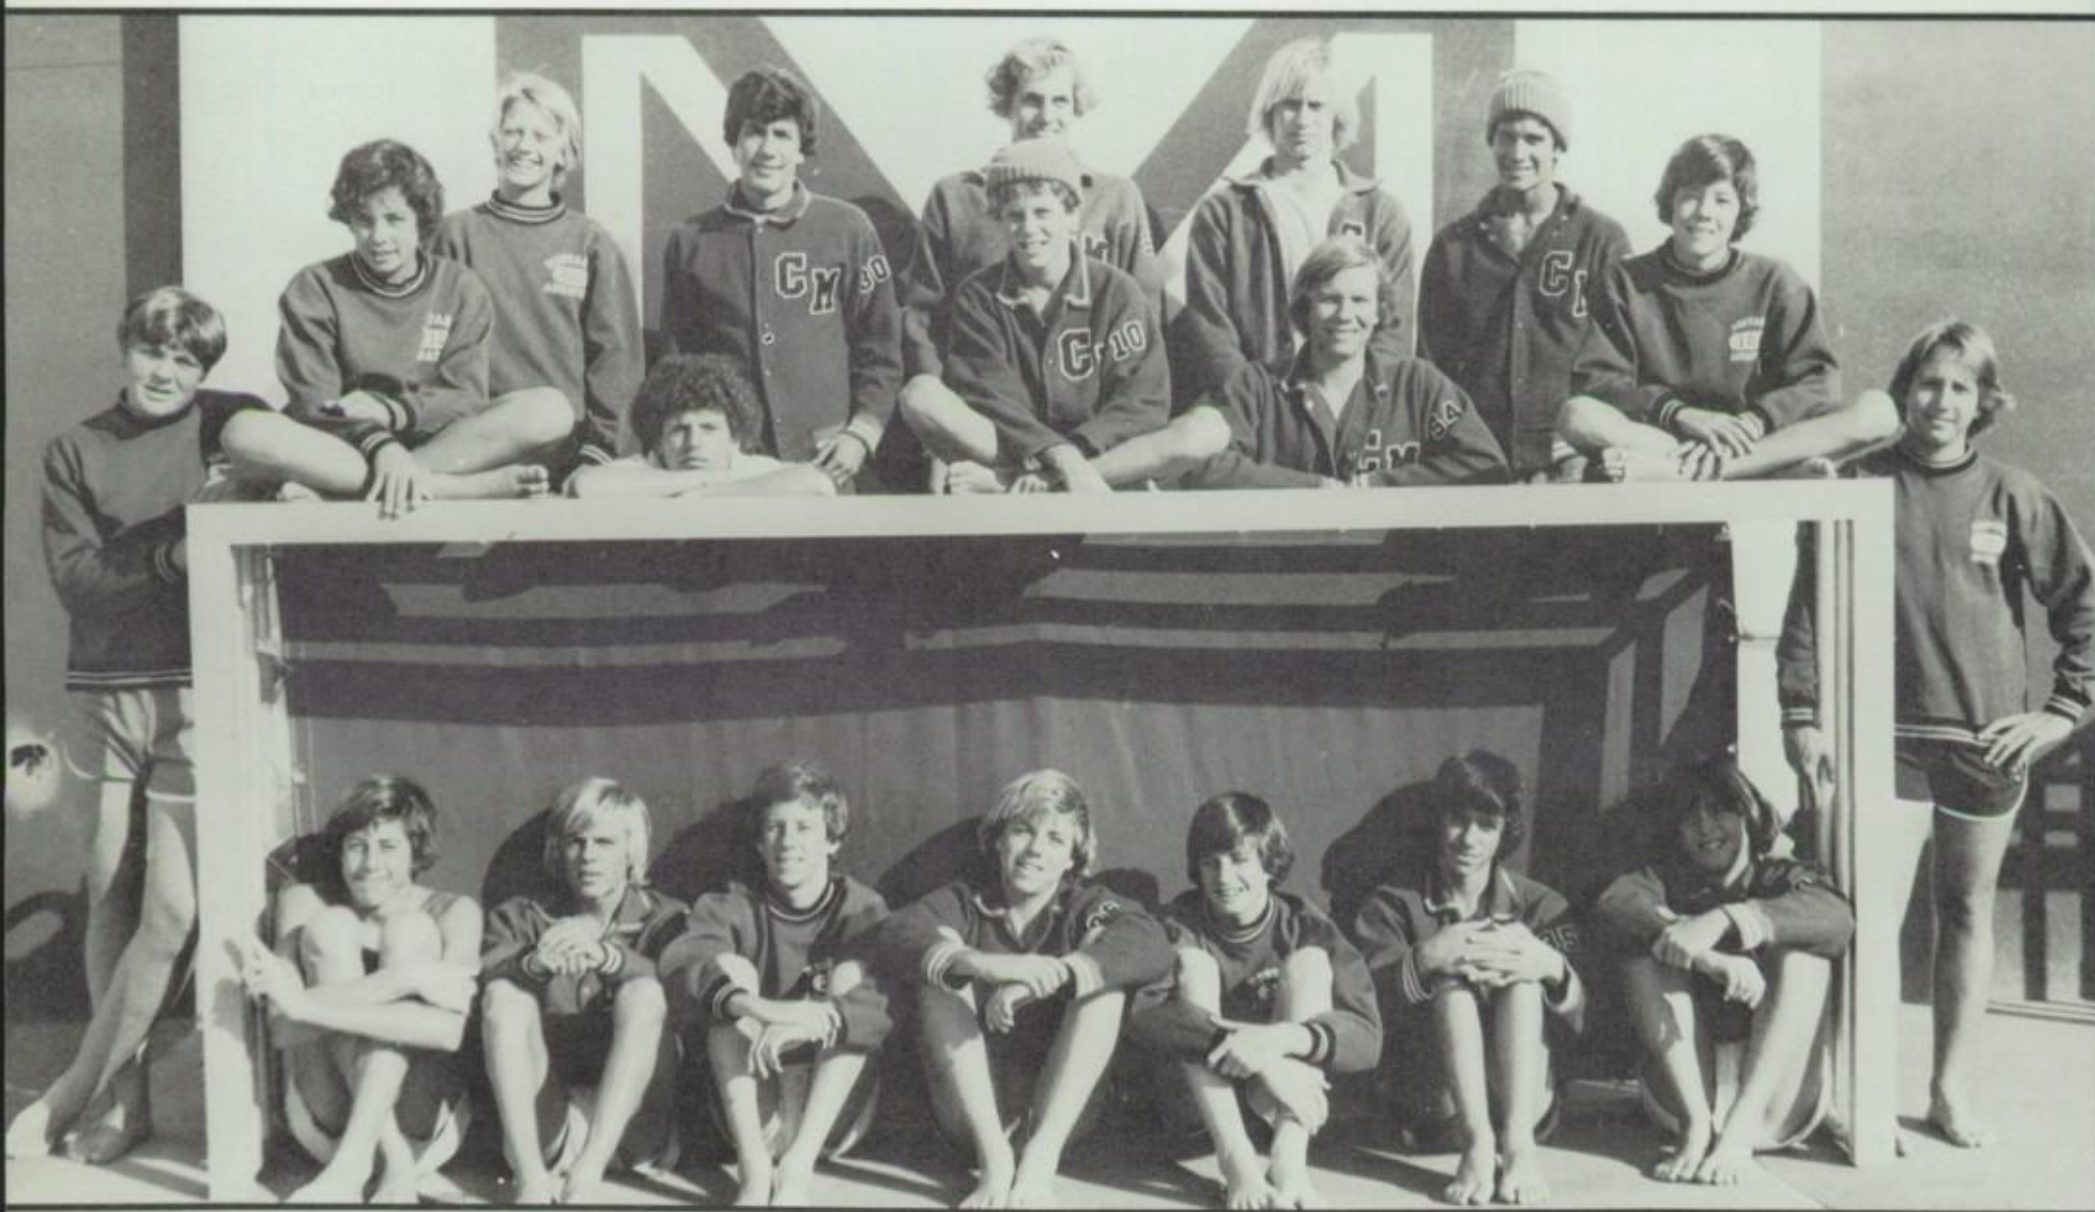

Frosh-Soph finished the season with a 16-2 record over all. Led throughout the year by sophomores Greg Brown, Art Chasen, Jeff McDonald, Tony Crenshaw, and goalie Tony Barrett. They finished 5-0 in league, closing the season with a 12-0 victory over Corona Del Mar, "Toads" come through again.

After an early season loss to University, the Mustangs came back to beat them in a league match 7-5.

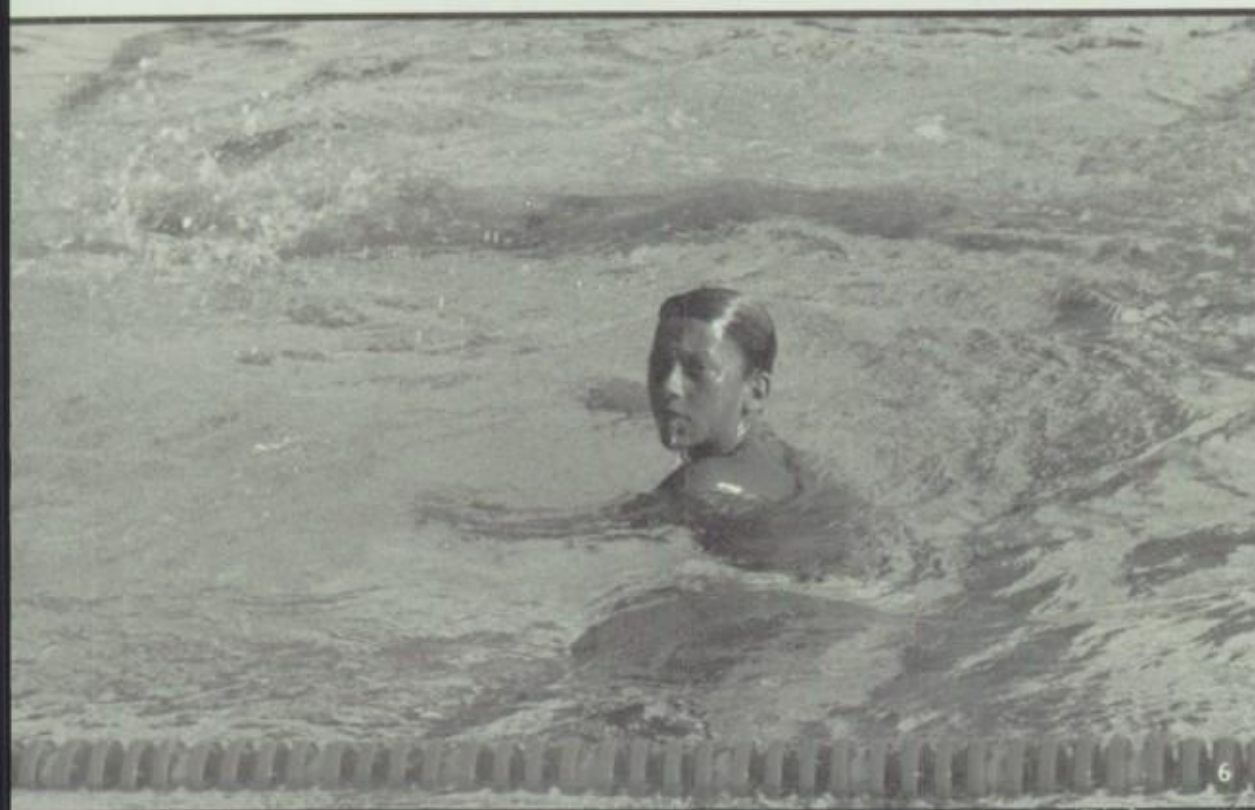

Freshmen players who saw much action in this, their first year were, Most Improved Phil Castillo and J.V. Lettermen Troy Pickett, Coach Pablo expects these two to lead next years team to a repeat performance at the top.

Junior Varsity, led by junior Ray Martinez, Kieth Yarwood and lone senior Jerry Lopez, had one of the best seasons in the history of the school. Ending the season 5-0 and the sole owners of the championship crown.

This should provide a good nucleus for next years teams. Always playing after varsity games makes it difficult to get psyched up for the J.V. match. With good coaching and lots of determination the J.V.'s came up winners everytime.

X-Country Creams Corona; Keeps C.I.F. String Alive And Healthy

Girls Varsity and Junior Varsity cross country teams continued to rank highly this year—crowning their achievements with a sixth place finish in C.I.F. competition. Mesa, which has competed in C.I.F. every year since the team was formed, broke Corona Del Mar's two year winning streak and went on to become the dual meet champs.

Individually, three of our top runners—Joielin Fisher, junior; Sheryl Romahn, senior, and Paula Welden, freshman —came in third, fourth and fifth in league championships, as both the Varsity and Junior Varsity teams finished a sound second.

According to Mr. Bill Wettengel, cross country coach, only two seniors, Romahn and Robin Larrabee, will be graduating from Varsity in 1979—which translates into great promise for the 1980 female runners. Welden, one of the few freshmen ever to make Varsity, continued to compete after the season and qualified for the Junior Olympics in Kansas City.

Team awards for this year's standouts included: Varsity Most Valuable Runner, Romahn; Varsity Most Inspirational, Welden, and Varsity Most Improved, Lana Wolfe. For the Junior Varsity, top honors went to Helen Thal-Jantzen, named Most Valuable Runner; Kelly Jackson as Most Inspirational, and Johanna Eddy as Most Improved.

The satisfaction of a C.I.F. ranking is well worth the early mornings and the late afternoons of hard work demanded of those who wish to be champions—and *that's what it's all about.*

Volleyball In Successful Year; Players Show Potential For Years To Come

The Varsity Volleyball team completed another successful year with seniors Michelle Deyden, Mary Kennedy and junior M.V.P. Valerie Grady.

Playing with only three returning members this year and seven players from last year's J.V. squad, the team ended up tied for third with Estancia.

The highlight of the year was being down to University 4-13 and fighting back to beat them in the third and final game 16-14. Some other big wins were El Toro being down by 11 and fighting back to win 15-13 in the last game.

Looking forward to next year with all starters returning, the team should be a definite championship contender!

The J.V. squad ended the season with a 5-5 league record and a 6-8 overall record which clinched them a third place spot in the Sea View League. The highlight of the year was beating Corona in the second game and playing a tough third game, being defeated 12-15 in the best two-out-of-three game set. The team played so well they felt as if they had won.

The big win of the year was the league match against Estancia. Both teams tied 1-1 going into the third game. Mesa rallied to wipe them out. The young team came out on top 16-14 in one of the most important victories of the season.

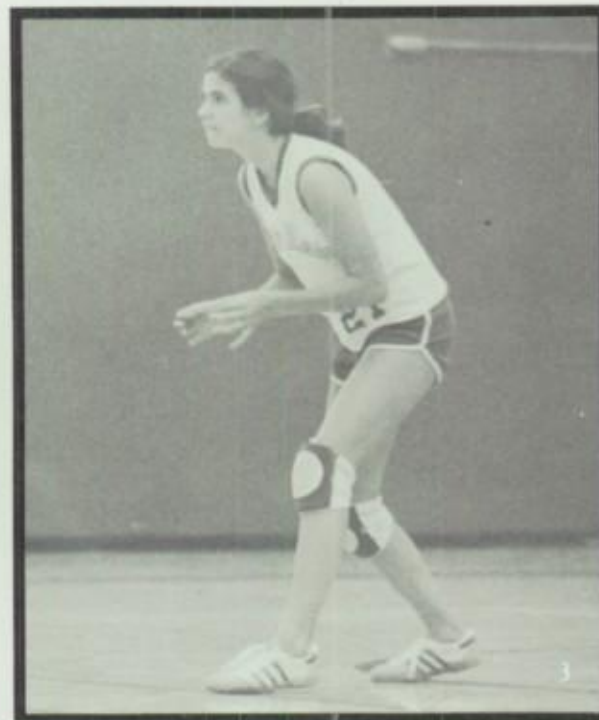

With all of J.V. members and the nucleus of the Varsity team returning next year, both teams expect to finish high in the years to come. *That's What They're About!*

Youth No Detriment To C.C. Success;

Mr. Fisher Named X Country Coach Of Year

Youth is the story on this year's 78-79 Cross Country teams. Varsity was led by Sophomores, Scott La Crosse, Vic Herrera and John Crackel, who were Most Valuable, Most Improved and Most Inspirational, respectively. The team captain, Fred Laura, who has been on the cross country team for several years, said of this team, "They show the most promise of any Mesa team that I have been associated with, including the championship team of 1976."

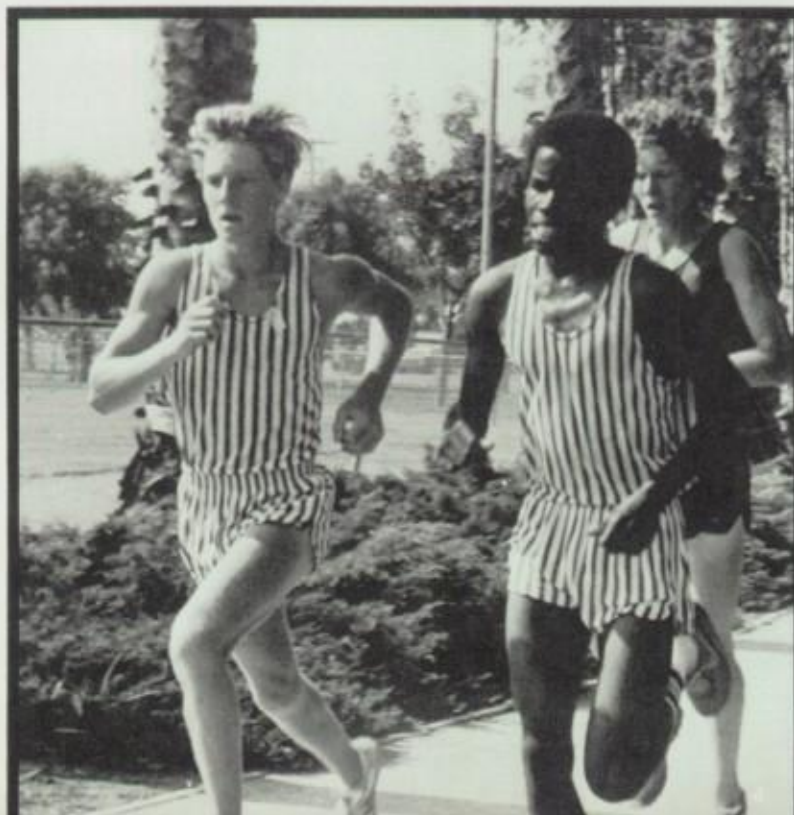

After ending the winning streak set by many years of previous squads, with a second in the Buena Park and a tie for second in the Costa Mesa invitationals, the team re-established itself as a powerhouse with a win in the Orange County Invitational. They also had a first in their division at the Mt. Sac Invitational.

The finished season showed a fine 4-1 record, with a third in league finals for a tie for second overall.

The J.V. squad, led by senior team captain Pete Galindo, who was also Most Inspirational, had a disappointing 2-3 league record and a third place overall. Most Valuable, Steve Evans, and Most Improved, Dan Cambell, were two valuable assets to the team's performance.

The sophomore team had a fine 5-0 record in league and a second overall. The team awards were given to Mike Kleck, captain; Gregg Welden, Most Valuable; Tim Casfeld, Most Improved, and Most Inspirational was awarded to Will Humphreys.

The Frosh team finished a strong second in league finals and third overall, was led by future great Mark Howard. *That's what they're about!*

Kickers Boot Estancia Twice;

Look Strong In Near And Distant Future

This year's soccer team was plagued by a problem which they unfortunately had no control over, weather. A prime example would be the Coast Mesa-Estancia match, in which players were constantly thrashed by hard pouring rains, frequent gusts of wind, lightning and knee deep mud. Bad though conditions were, the mighty Mesan's pulled through with a 2-0 victory. Junior Mark Fleisher and sophomore Mike Hamada each scored one point.

Another game of particular interest was the contest against the Trojans of University. The game was played at night at Davidson field and was played extremely hard by both teams. The Mustangs proved to be the better team by a score of 2-3. Gregg McLeod was high scorer with two points.

For the overall season, The leading scorer proved to be McLeod with fifteen points; second was Greg Potjes with seven points. Mark Fleisher and senior An Phi each had five points.

Leading assist men were McLeod with four, freshman Rich Blogg with three, and Phi with three.

Individual Stars Not Needed;

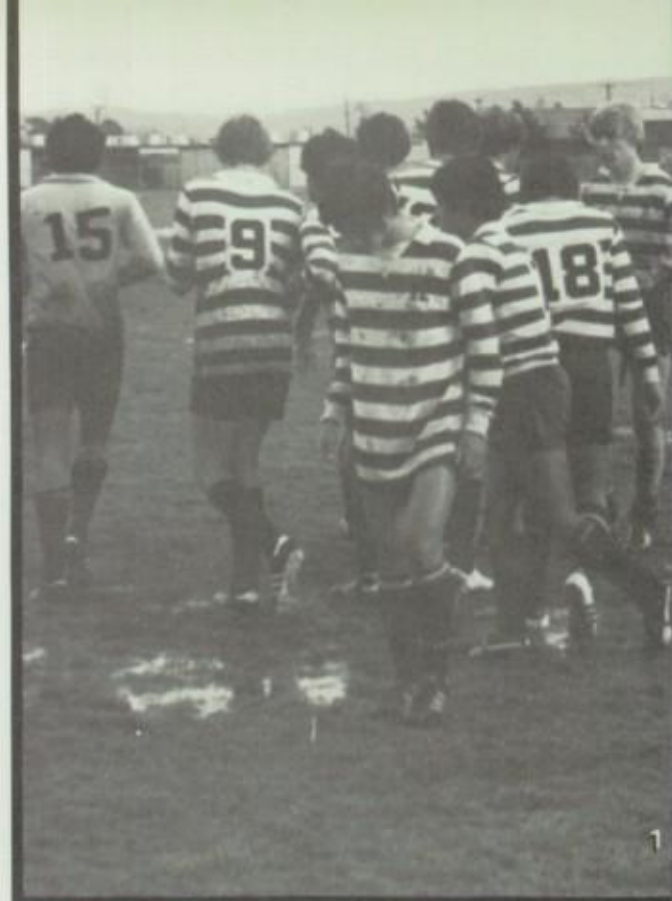

J.V. Soccer Finds Out Teamwork Is Best.

Junior Varsity Soccer, according to coach Joe Fisher, consisted mainly of the players functioning well as a team and not as individual stars.

Starting players were Jim Fleisher (high scorer), Harvy Iverson, Dave Higuera, senior Matt Higuera, and Alberto Medina, among others.

The season's most outstanding game was against the Estancia Eagles in which we crushed the opponnants 3-0. Fleisher scored two and Dave Higuera scored one, showing *what we're all about*.

Frosh soph also improved this year with starters such as Brian Scannell, John Mezzapelle, Mark Liu, John Kilmer, Chinh Nguyen and goalie Jim Buchmiller.

Basketball Finishes Third;

Coin Flip Keeps Mustangs From Playoffs.

After many fine games and an excellent season, Costa Mesa basketball's bid for CIF was decided by the flip of a coin. It seems though that lady luck was not riding on our side of the coin and El Toro went to CIF instead.

Particular highlights of the season were magnificent victories over the Sailors of Newport Harbor and the Sea Kings of Corona Del Mar. The Sailors were beaten by a close score of 75-68, with Chris Beasley scoring twenty-five points and Scott Miller turning out twenty for the Mustangs.

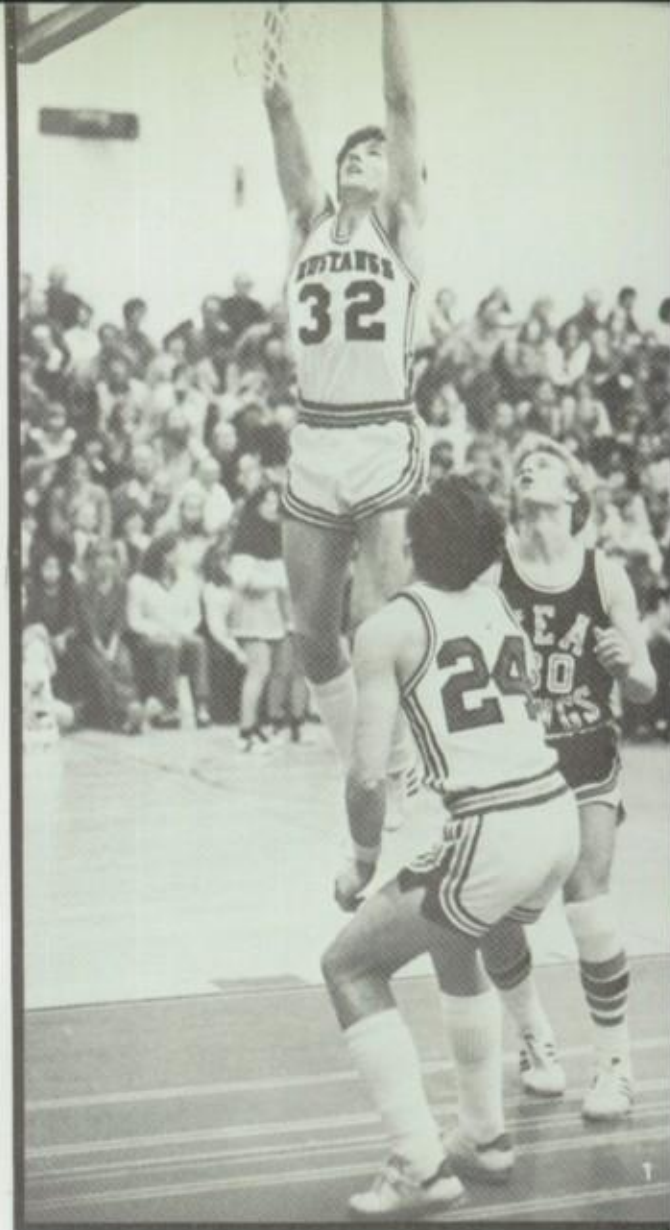

This year's victory over Corona Del Mar was again very close, with the winning points being scored in the final seconds. Beasley played very well and Steve Lux scored the clincher in the 46-45 triumph.

Chris Beasley was the third leading scorer in league and seems assured a first team all-league selection. Beasley also averaged 20.4 points per game and made seventeen consecutive free throws against Corona Del Mar.

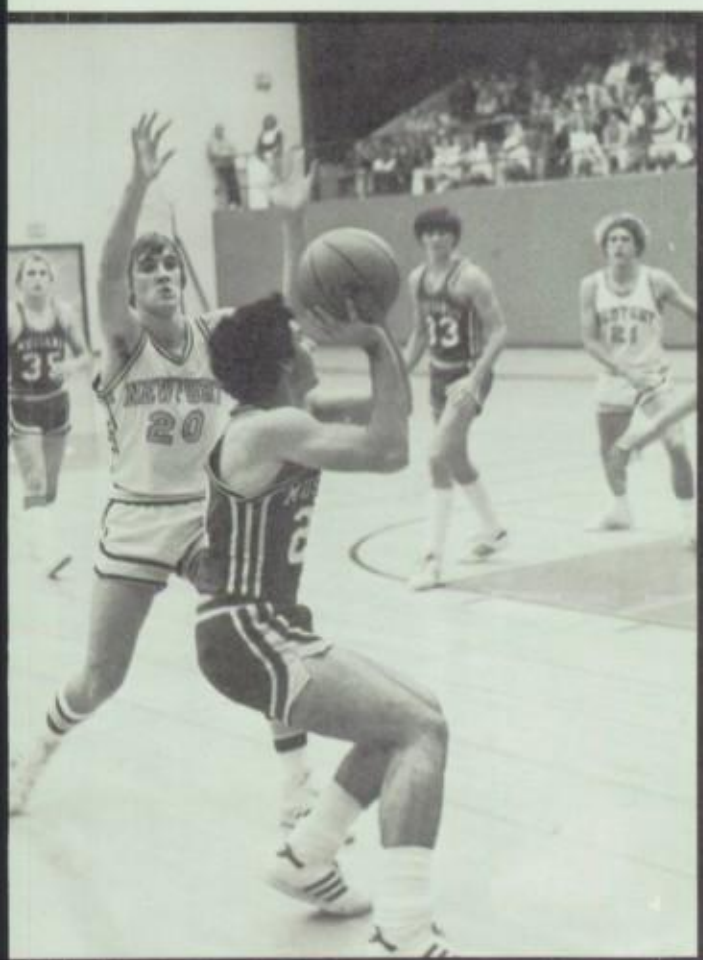

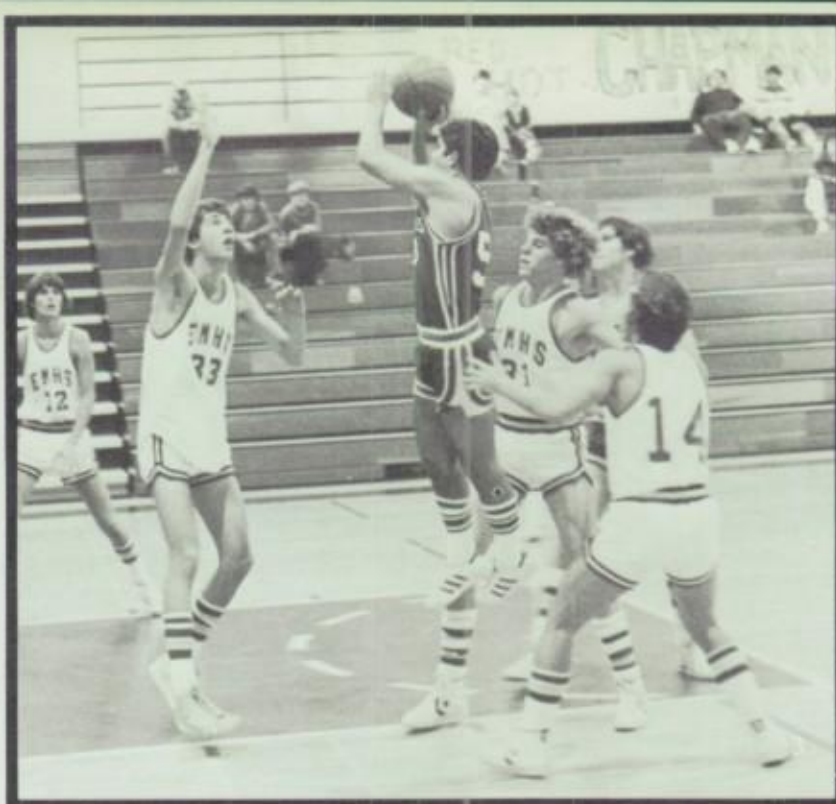

"Mr. Clutch," Steve Lux, earned his reputation by coming through during crucial moments of important games.

Height this year was not a large portion of the team's strength as the Mustang's tallest member, Jeff Sutterfield, was only 6-3".

Other Mustang starters were Dan Bauer, who often connected from the outside, Bill Lux, a six foot center, Kirk Dominic who often sacrificed his Superman body for a chance to steal the ball and Scott Miller who offered his talents later in the season and proved to be extremely valuable.

Young Netters Finish Season;

Show Great Potential For Years To Come.

Frosh-soph basketball got off to a blazing start this year with an incredible pre-league record of 21-1. During league season the team ran into a few snags but still managed to grab a third place finish.

In an absolutely awesome game against Capo Valley, the young Mustangs showed *what they were all about* by setting a new school record for most points scored in a single game. The score was 102-59.

Kenny Bardsley averaged 24 points per game and led the team in points and rebounds. Jeff Field led the team in assists; Steve Anderson was captain.

The J-V team also had a fine season. Led by sophomores Mike Love and Rodger Lackey in points and rebounds, respectively.

Girls Beat Corona Del Mar;

Place Third In League; Enter C.I.F.

In an amazing display of basketball skill and ball handling dexterity, the varsity girl's definitely showed Corona Del Mar *what they were all about*. In a 59-49 victory, the Mesa girls boasted only four turnovers and made firm their bid for CIF competition. The Costa Mesa defense was quoted as "near perfect" against the 3rd ranked Corona Del Mar team. Junior Carol Krikorian stood out defensively with an excellent man to man coverage against CDM's best netter, whose normal average was 20-30 points per game, and held her to only three points.

Another season highlight was the conquest of the first place consolation trophy during the Estancia-Edison Christmas Tournament. Karen Yellich, a junior made first team all-tournament, averaging twenty-one points per game. Other varsity starters were Michelle Deyden, Sissy Kennedy (Both seniors), and Joanne Lux a sophomore.

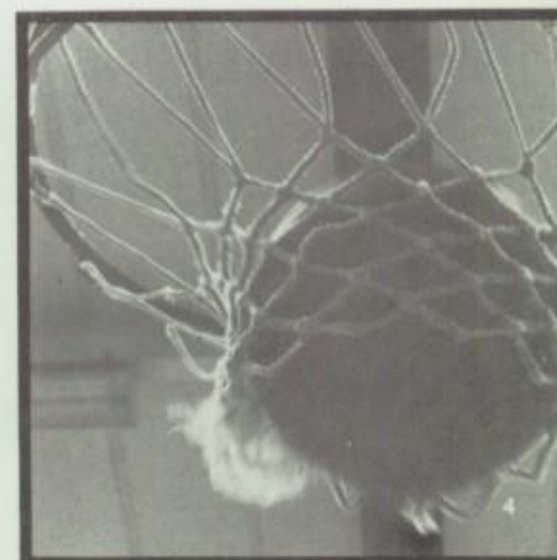

The junior varsity consisted of an extremely young team this year, with eight out of eleven members being freshmen. Offensive and defensive assets were forward Diane Cruise, guard Vicky Lamar and Rosette Armendez.

I'd Rather Go To The Movies;

Few See Aquamen Take Second In League

Special attention must be paid to diver extraordinaire Wayne Bisbee, a freshman, who totally crushed all of his competition with an avalanche of incredible dives diving league finals.

This section would also like to make mention of those two towering institutions of strength and wisdom, Bod Shupp and Paul Wawrzinski, whose efforts turned a team of fun-loving loafers into a squadron of clean American studs.

Staggering workouts, freezing water, impossible time standards, continual downpour of icy rain, a shortened season, the coldest winter in thirty years, a broken pool and the Russian Flu ... who ever said swimming was easy?

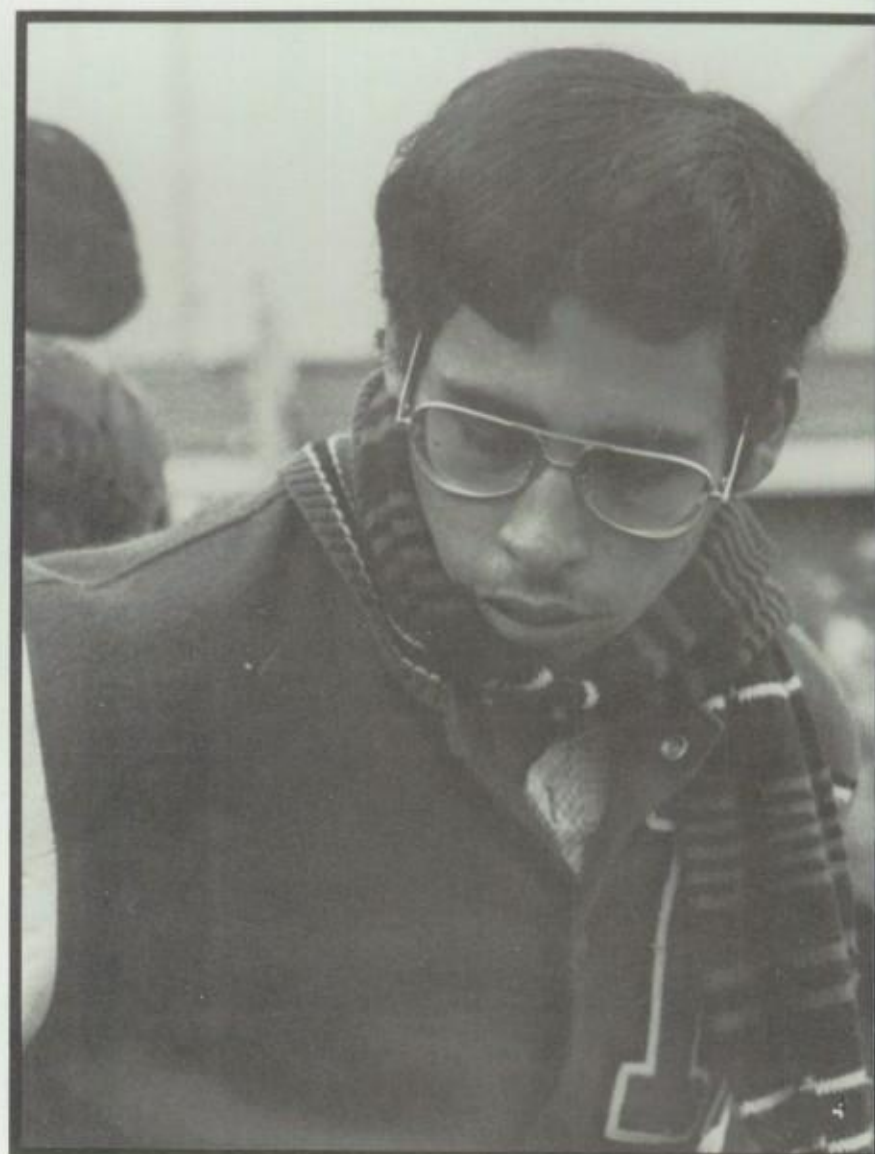

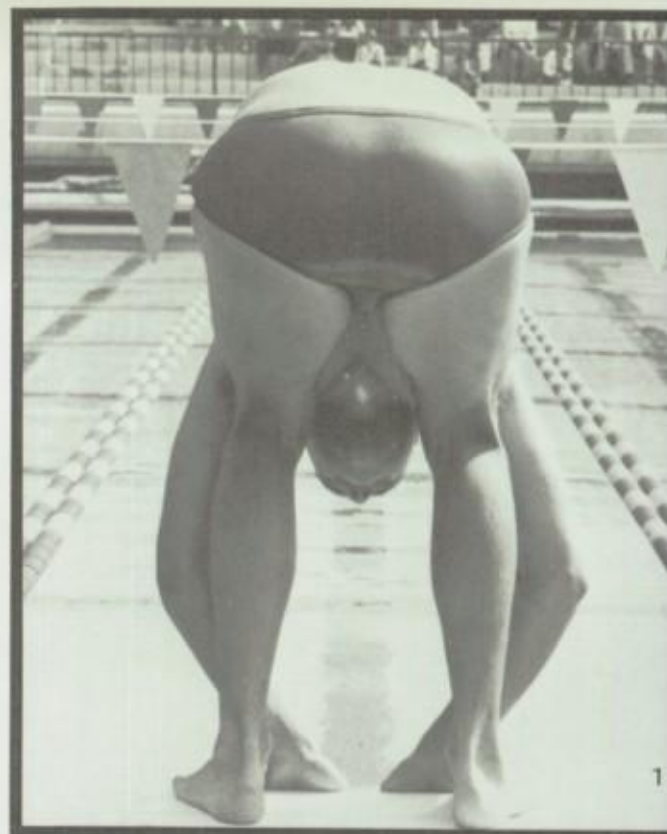

Despite this amazing assortment of problems, 78-79 boy's swim showed just about everybody what they were all about. Boasting only two losses throughout their entire season, the Mesan aquamen were led heroically by nine lightning-fast seniors. A member of one of the most powerful swimming leagues in the nation, the Costa Mesa swimming machine stormed over teams like Corona Del Mar, Estancia and Irvine to take a strong second in league.

Leading the team in versatility was all-around swimming phenomenon Tod Pickett. Utilizing his varied talents in the 100 yard backstroke, the 200 yard Individual medley and occasionally certain distance events. Pickett qualified for CIF in three separate events and set a new school record in the 200 yard Individual Medley.

Picking up in the freestyle duties, was senior sprinter Matt Whitmore. Making it through most of his season undefeated, he at one point had a winning record of 16-0. Placing first in the 100 yard. free and second in the 200 yard. free during league, Whitmore also qualified for CIF in two events.

Dominating the distance freestyles were senior John Earnest and also Tony Crenshaw. Both consistently finished first and second during important meets. Both of them doing extremely well in league, seniors Earnest and Crenshaw also qualified for CIF in the distance events.

Other senior gems and valuable people were; Mike Castillo, who grabbed a league second-place in the 100 yard breaststroke (qualified CIF), Alan Chacon in the 200 yd. Indo (5th Place league), distance trooper Steve Bartosik, breastroker Matt Sponagle and the two sprinting wonders Jerry LoPez and Perry Zachary.

Sophomores Lead Young Fish;

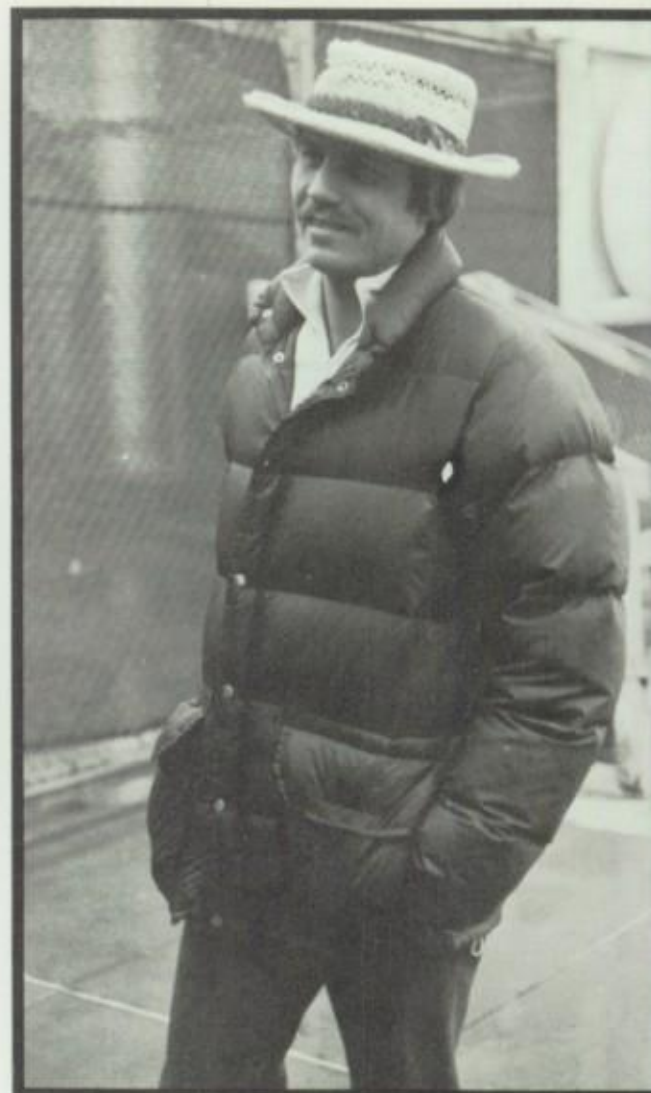

To Excellent Season And Third In League

Continually Coached and instructed by a squadron of sadistic seniors, the frosh-soph swim team managed to turn out another winning season. With very few injuries and almost zero deaths, the Mesan aqua boys showed their zest for survival by losing only two league meets and finishing a steady third overall.

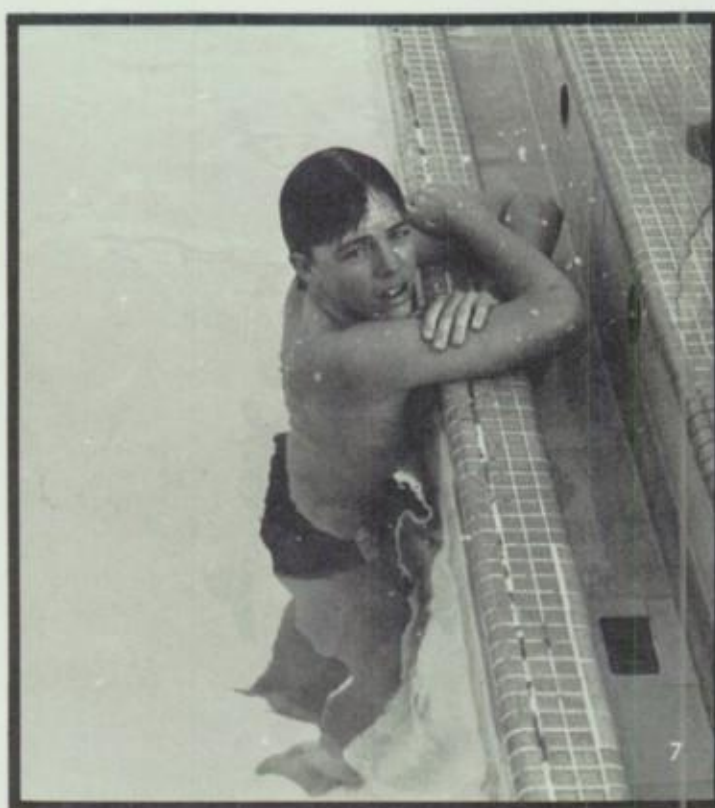

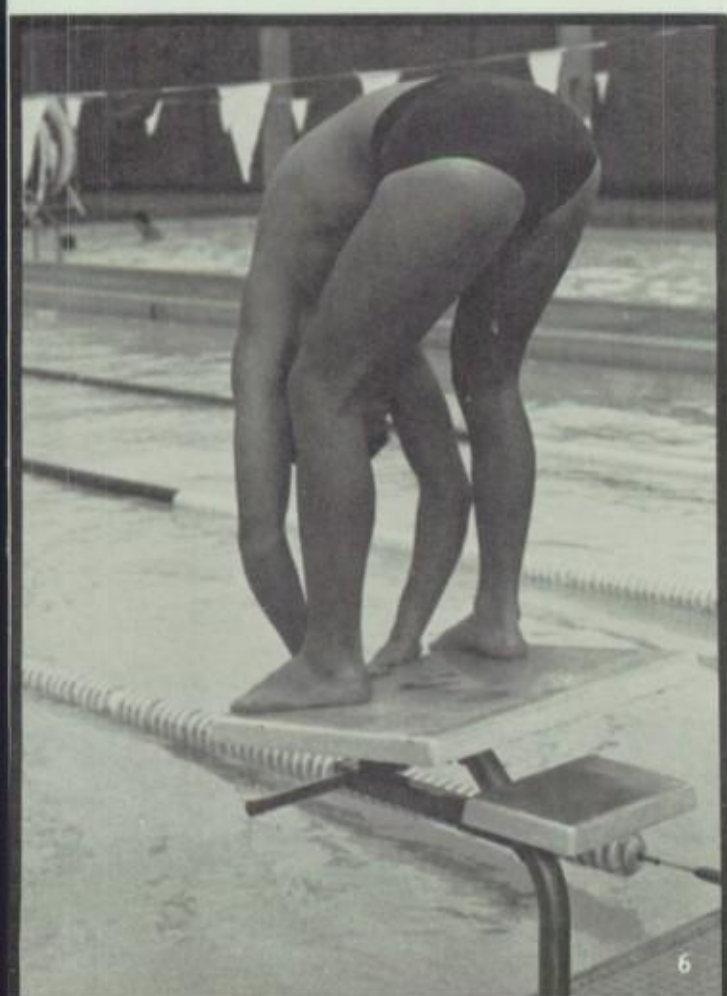

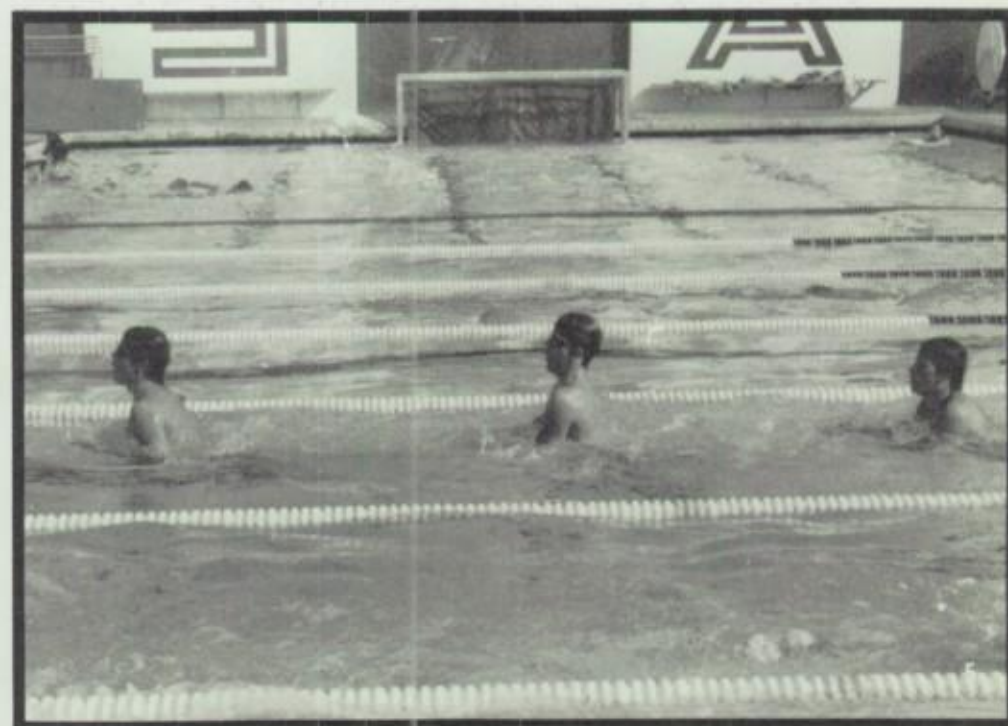

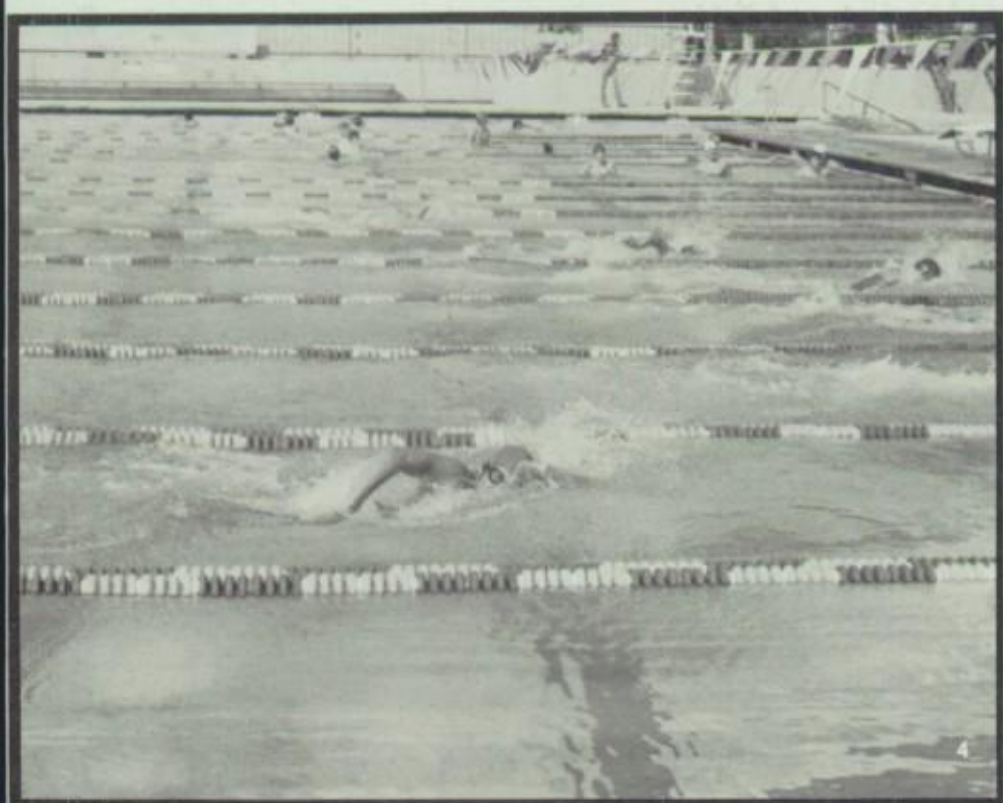

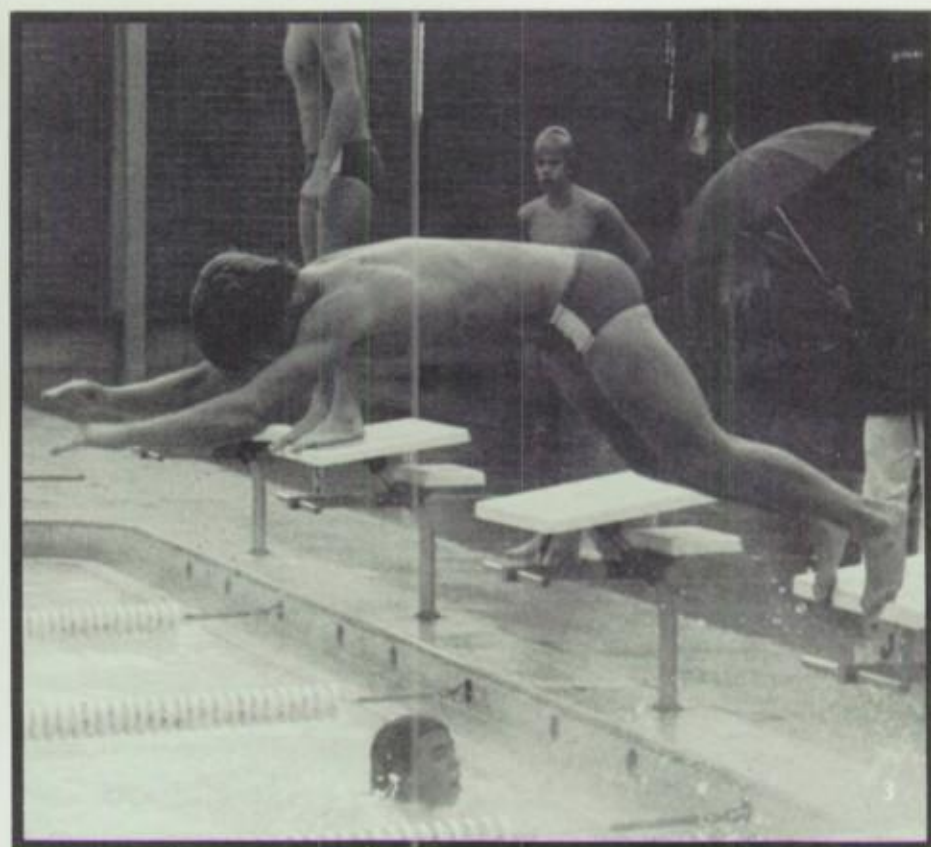

Two of the most outstanding frosh-soph water wonders were sprinter Tony Barrett and middle distance boy Scott Kahn, both did quite well in league.

In "Cinderella-like" fashion, two of Mesa's football players found that they too would become aquatic aces. The lucky fellows were Forrest Werner in the breaststroke and Dave Olson who made finals in the 100 free. Hopes are that they will be valuable varsity assets next year.

Attention must also be paid to standouts Phil Castillo, Art Chasen, Greg Brown and freshmen James Earnest.

1978-79 Boys Swimming Frosh-Soph TOP ROW: Mark Hughes, Jim Cambell, Dave Olsen, Tony Barrett, Duncan Millar, Art Chasen, Bill Shrieve, Scott Kahn, Greg Brown. BOTTOM ROW: Greg Fleer, Dean Johnson, Greg Cokroft, Kerri Boyd, Pat Colby, Bob Tanaka.

Aqua Girls Are "Amazing." Shupp Describes The Year In One Word

The 1979 girls swimming team finished their season with vast improvements over last year's disappointments. Bob Shupp, this year's coach was quoted as describing the girls as "amazing."

Swimming in one of the most powerful swim leagues in the nation, the aqua-girls competed against powers such as number two nation-ranked Estancia. Still, the Mesan mermaids stuck it out and consistently finished where no one would have expected.

The Mustangs were led by senior aquatic speedster Kris Lincoln. CIF qualified Lincoln swam such draining events as the 200 yd. Indo and the 100 yd. butterfly. In both events she was a power to be reckoned with.

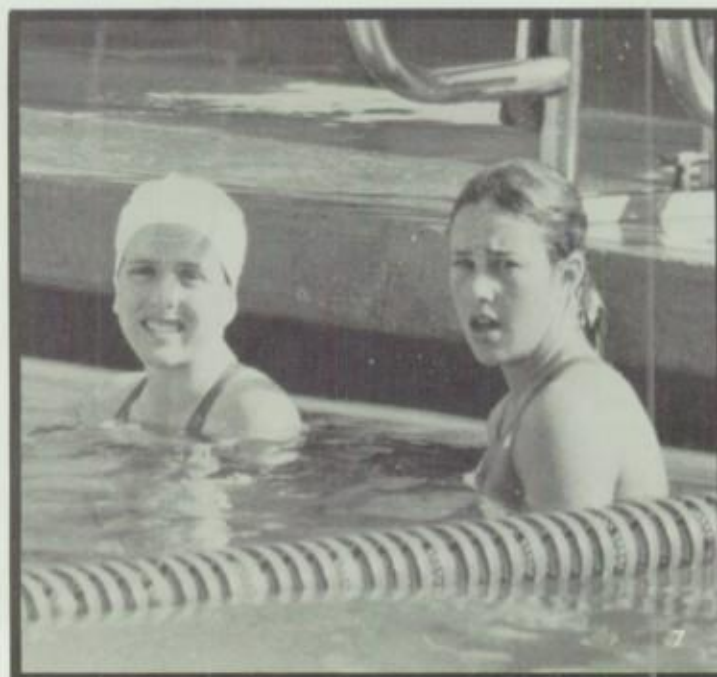

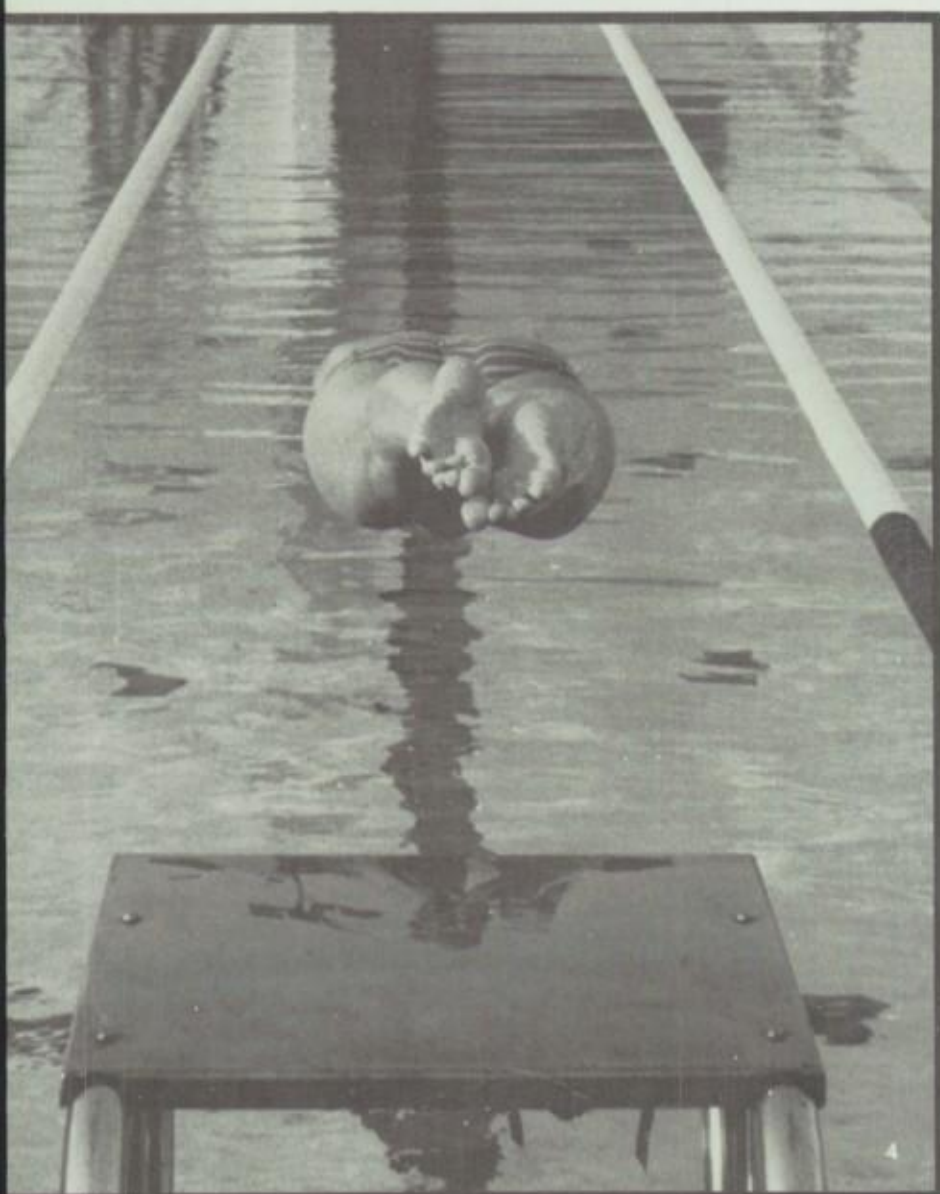

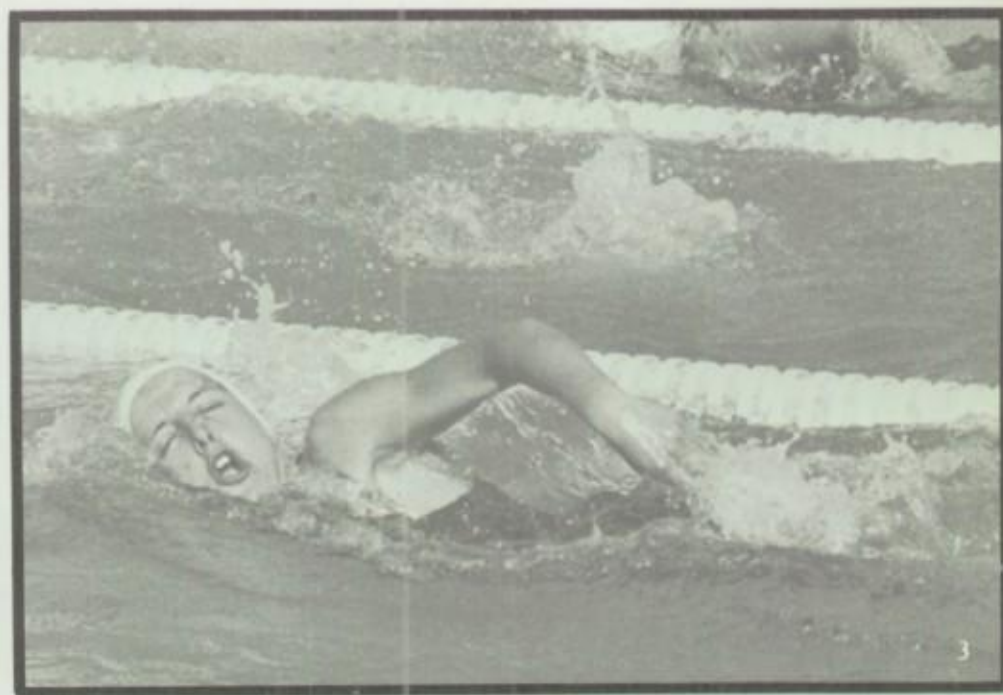

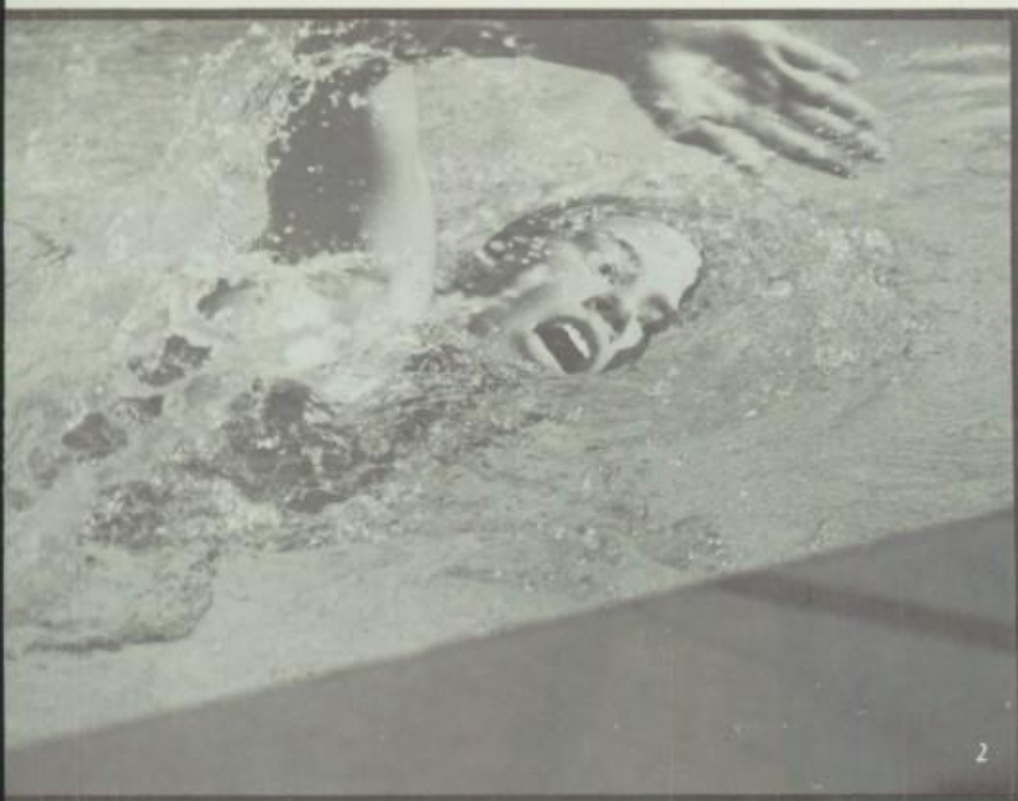

Lisa Bartosik and Maryann Ure took over the rest of the specialties with their modestly incredible talents, exerting themselves in the backstroke and breaststroke respectively. Carol Miller also did well in the breast.

Work horse Lisa Dahil came through for Mesa in the sprints. Senior ace Sissy Kennedy inspired the mermaids admirably (or so she said). Plugging through the distance was junior Kelly Dickerson.

Before closing, the girl's swim team would like to express their extreme gratitude to Cocah Shupp and his many assistants.

Gymnastics Work Pays Off; Girls Finish Strong In League Finals

Working hard and full of spirit and determination the 1979 girl's gymnastics team vaulted into their season with great expectations. A large amount of talent and a good number of enthusiastic participants contributed greatly to the team's fine depth. Many returning lettermen also added nicely to the Mustang team's strength.

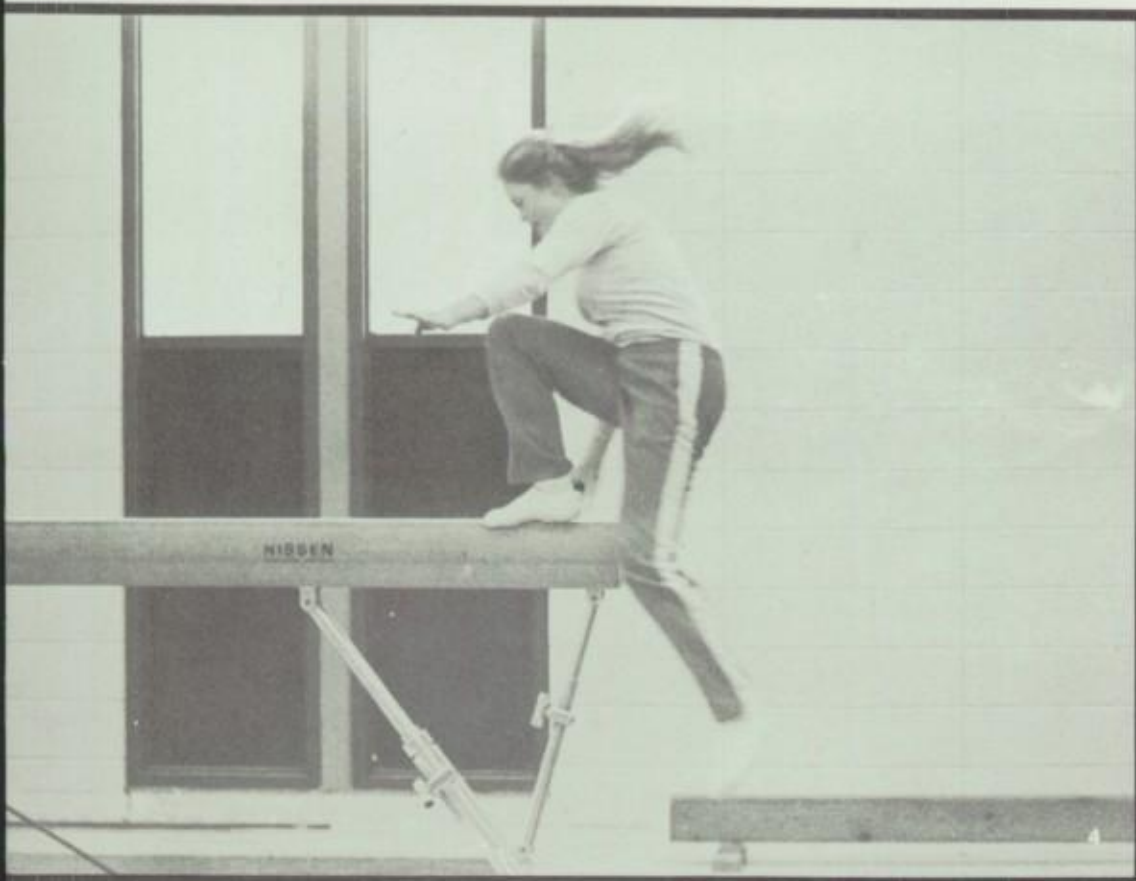

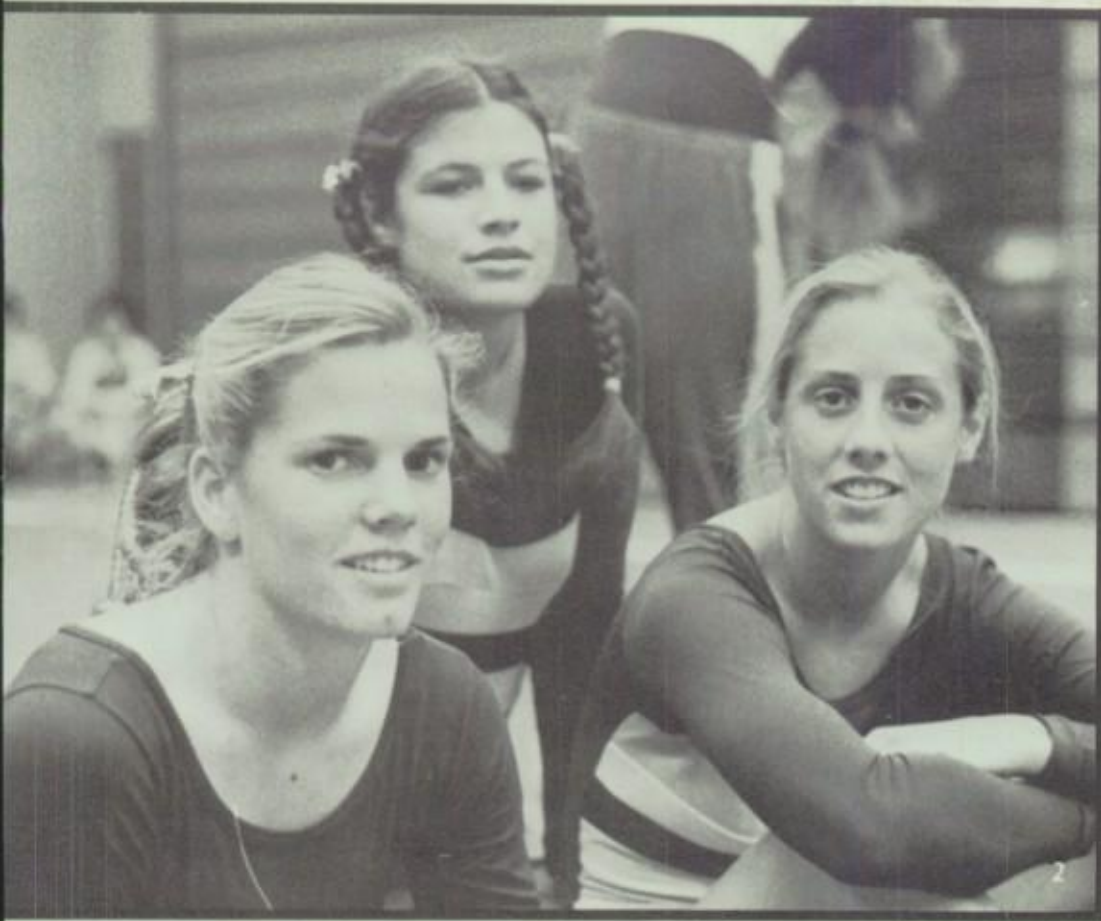

Senior gymnast Kelly Magee did incredibly well this year on the uneven bars and in floor exercises. Boasting a fine league record, she also did quite well in invitational.

Sophomore acrobatic wonder Kathy Mollica was one of the more versatile gymnastic aces of the team. Mollica possessed an excellent league record and was quite talented on the balance beam.

According to Coach Mollica, the girl's did an admirable job this year.

Boys Tennis Smashes Foe; Team Fares Well In League Competition

It is extremely difficult to play tennis when the court is floating away. Such were the prevailing conditions on certain days of the 1979 tennis team's season. Aside from the delays of the rain, temperature levels also made it dangerous to wear the usual tennis attire of a polo shirt and shorts. Equipment too took its toll as there was a nation-wide tennis ball shortage going on.

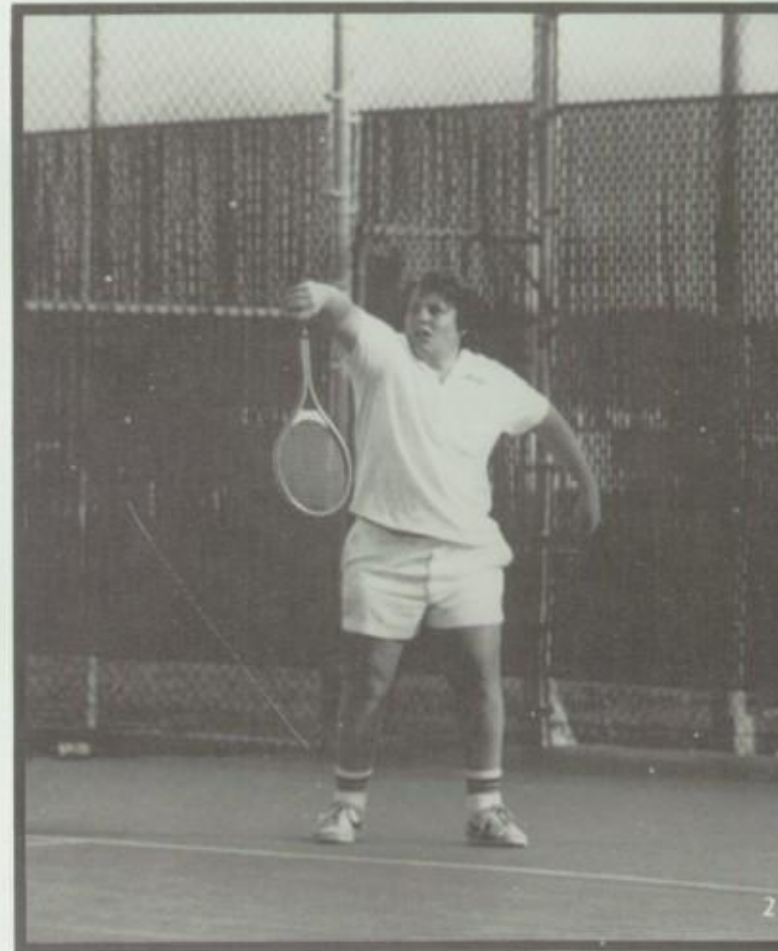

This year's singles superstar was Fred Leahy. Coach Jack Thomas estimated Leahy's chances of grabbing a scholarship as quite good. Leahy performed consistently well and brought in an avalanche of team points. The number two singles man was George Wolfe.

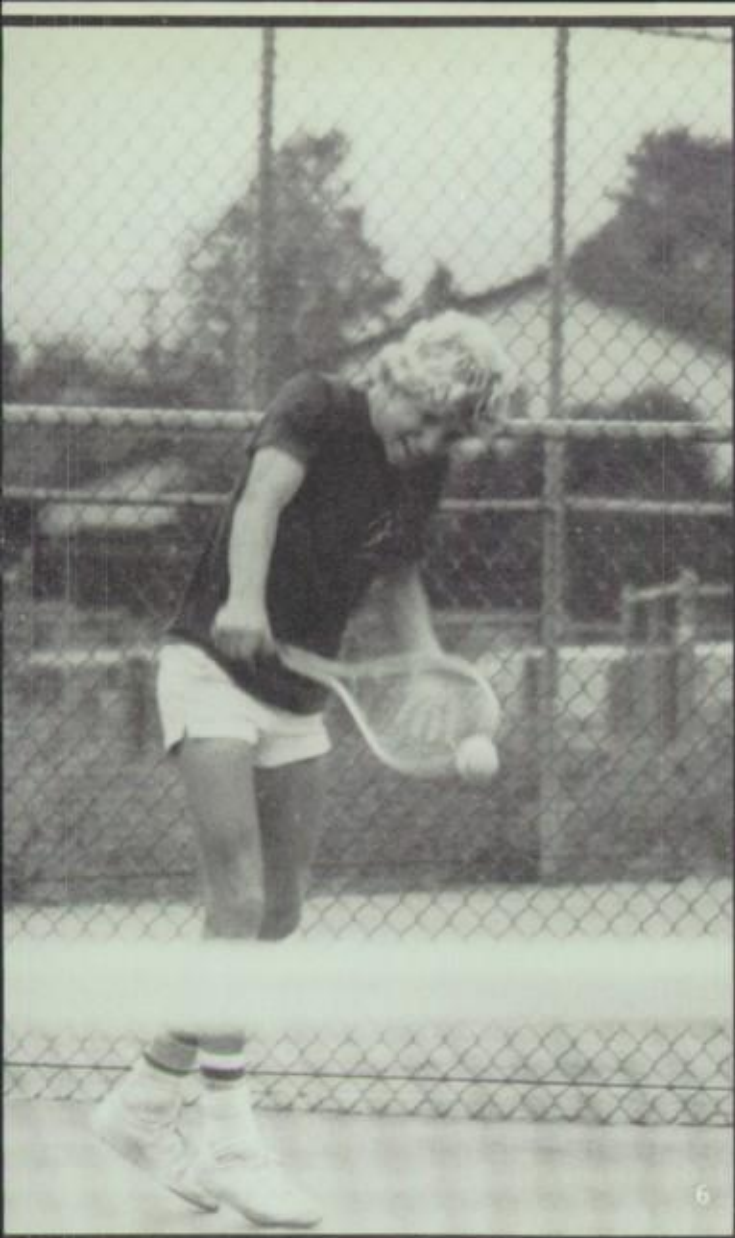

The number one doubles combo combined the talents of Richard Panion (senior) and Mike Richardson. The two doubles buddies also finished very strong in a tough league.

J.V. singles standouts were Gary McGuire and up-and-coming freshman Troy Pickett.

Baseball Finishes Fine Year; Pitchers Come Through In Clutch Games

This year's varsity baseball squad looked forward with enthusiasm to surpassing last year's amazing record. Boasting only two returning lettermen and a surprising amount of good new talent, the Mustangs expect to grab their second consecutive league title along with a bid for C.I.F. competition. Again the team is loaded with senior players, all of them intending to show other teams *what Mesa is about!*

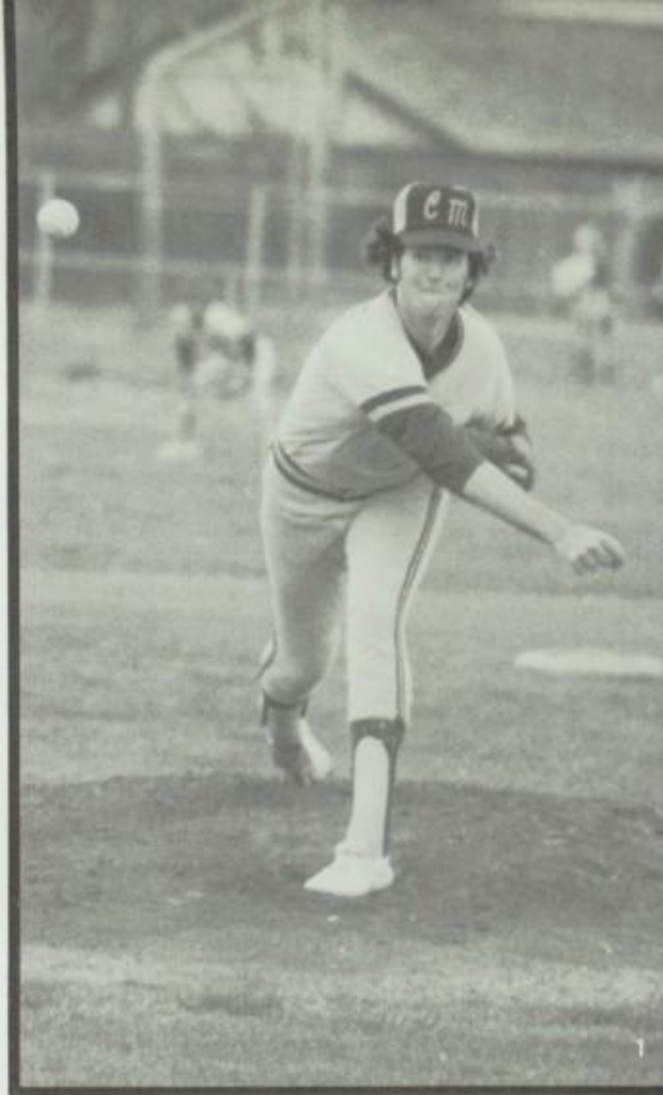

The bullpen can only be described as "well-armed." Coming under the accuracy of Jeff Sutterfield and the power of a new man Campbell, the pitching crew expects to provide a major portion of the team's winning potential.

Power hitters on the squad were Andy Goldberg and short stop Chris Beasley, who was sidelined early in the season due to an ankle injury.

Coach Gmur's Mustangs also expected to rely heavily on their quickness and agility.

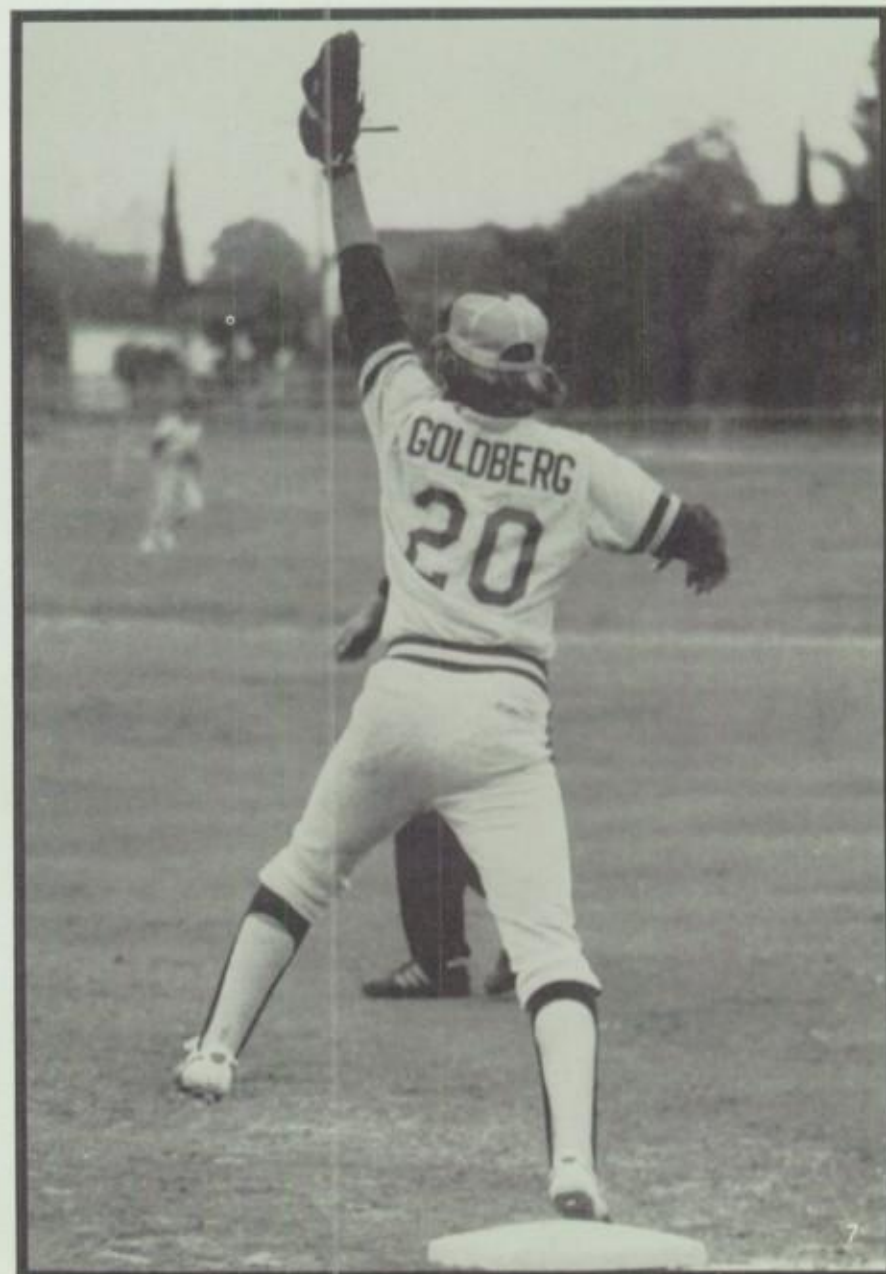

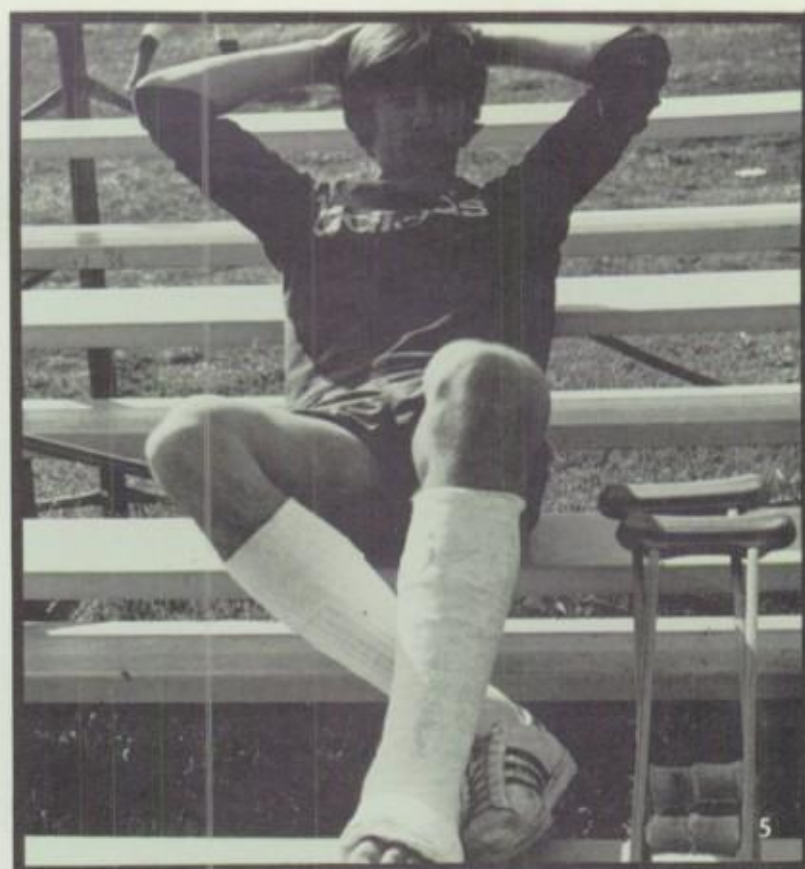

Junior varsity, much like the varsity, planned to repeat their previous year's standing as league champions. Going into their season undefeated under second year coach Hoskins, the team possessed qualities and talets to go all the way to a champion seat.

J.V. pitching duties were taken up by Roger Lackey and John Stevens. Team sluggers were Doug Deats and Terry Bedell.

Golf Plays Near "Par"fect; Makes Playoffs Without Losing A Stroke

The Mesan club swingers looked this year towards the talent and ball driving skill of junior golfer Dennis Paulson. Paulson has competed in C.I.F. rounds for two in a row, planned on a third and better competition this year.

Doing better than last year's team, coach Tom Ware still feels there is room for improvement in the squad.

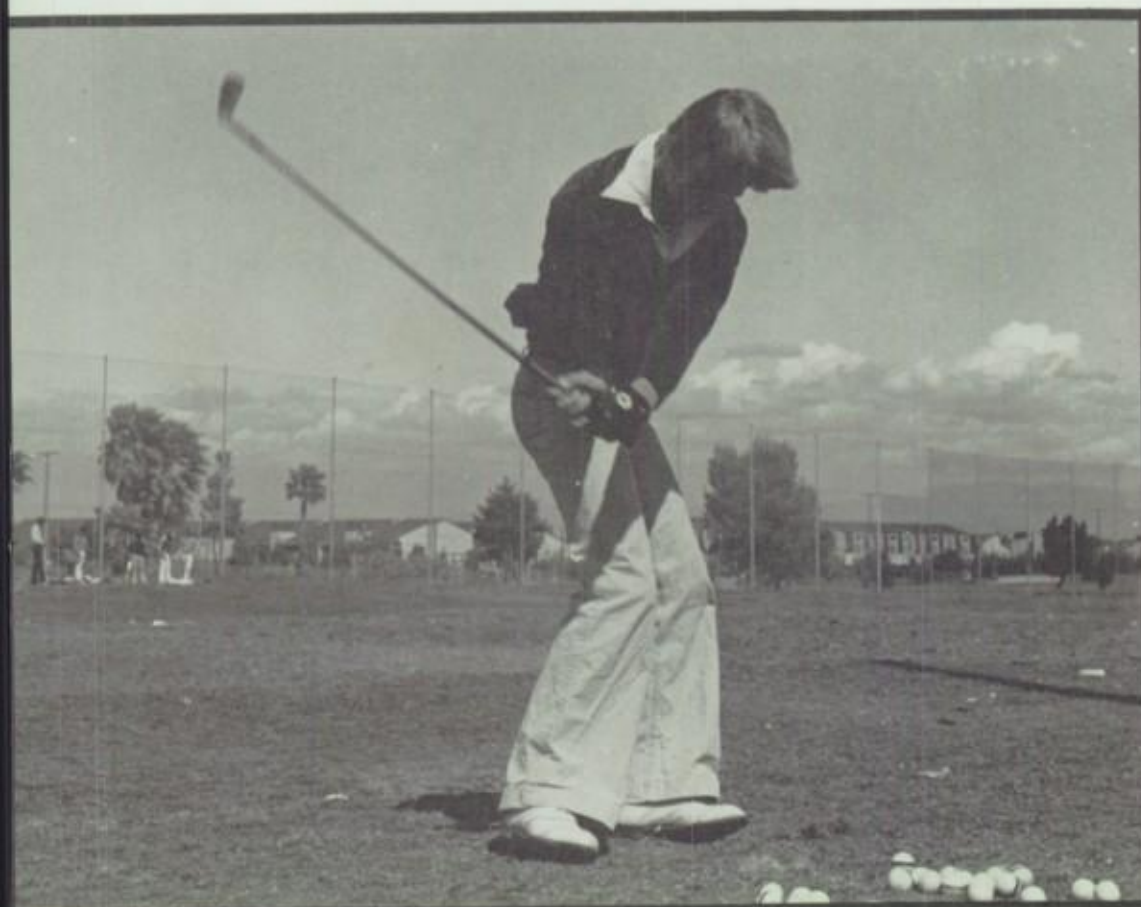

Definite team assets were Jim Srodulksi, Bill Kurnett, Drew Haughton; Mike Mills.

Girl's Track Has A Very Successful Year; A Hardworking Team

Going into the 1979 season with about as much depth as the Atlantic Ocean, the Girl's track team charged into their season full of confidence and the talent to match.

Foremost on the team's list of running weapons was their 440 sprint relay; consisting of Katie Creely, Valerie Grady, Dawn Price, and Su Young, it was a sure thing for C.I.F. Competition. The aforementioned young ladies were also billed as the team's leading sprinters.

Running the grueling distance events were champion speedsters Sheryl Romahn (senior), Joeilin Fisher and Lynn Sanson. All three consistently creamed most of their opponents.

Zippering and leaping along in the hurdles were girls Creely, Karen Yelich, Dori Price and Linda Maul.

Running away with the field events were shot putters Yelich and Wendy Theophilus; both of them expected to do well. In the long and high jumps was freshman wonder Julie Pshebelski.

Picking up in the pleasures of coaching were Bill Wetingale and Paul (Ghengis) Kahn.

Though this year's team was very young with only four seniors, they decided to win everything anyway, and *that's what they are about!*

Male Spikers Dig Season; Finish League With Excellent Record!

The Mesan netters suffered from a "shortage this year with the team's tallest member being only six feet tall. According to Coach Jerry Wynant, the team's major assets were in their consistent team play, and their amazingly quick defensive strategy. Another problem with the squad was inexperience, considering that the major portion of last year's team is gone.

Team captain of the varsity was Marlon Liotta (senior). As far as individual stars or starters go, it should be stated that all the team members played well and all were stars!

The junior varsity spikers were definitely the best j.v. squad to play at Mesa and looked toward an undefeated season with their excellent team play.

J.V. notables were Rick Franz, Paul Coenen, Don Kimpton, and P.J. Kiley.

Girl's Softball Looks Good; Many Letterpeople To Return Next Year.

As usual, Girl's softball prepared for another amazing season. Jim Hagey, in his second year of coaching the girls, was extremely delighted to instruct such a beautiful and talented squad of young ladies as we had this year. The team expected to do well this year with a large amount of returnees from last year.

The team was led and inspired by pitcher Rhonda Chambers, who played her position with excellent style. Other particular stand-outs were Stephanie Webster, who played short stop, Liz Cruz way out in left field, and the third base star Carol Krikorian.

Tracy Hallacy wanted her name in this section, so we put it in!

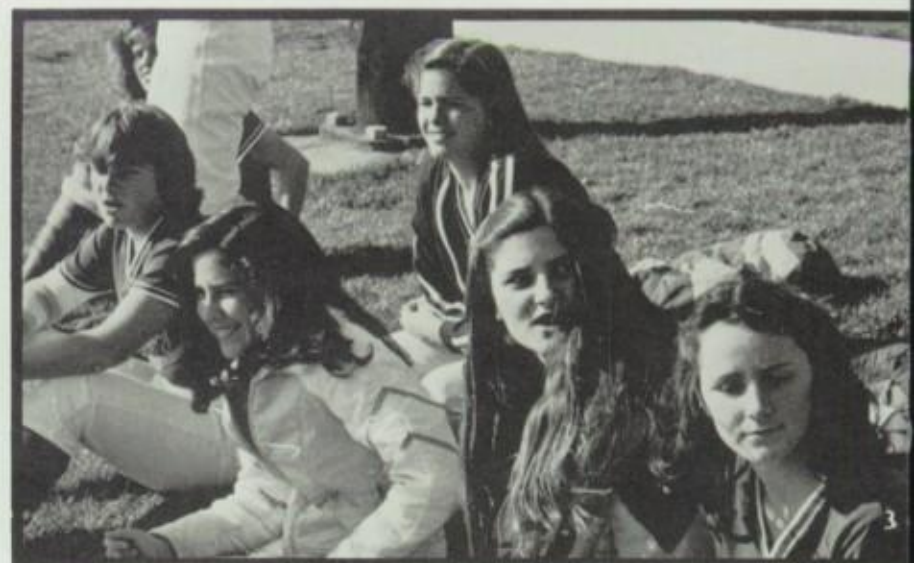

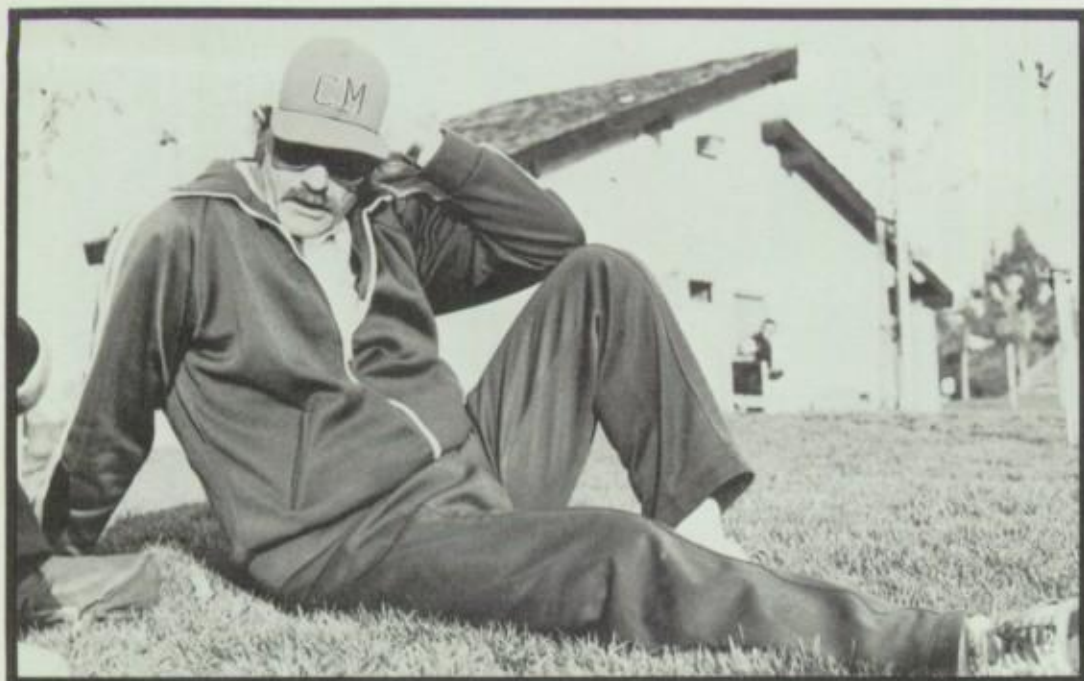

The junior varsity also put together some very fine efforts. Though some may have considered the season's start a bit slow, many experiences were gained. Viki LaMar played a very complete first base; Sue Ouellette also helped show *that's what they are about!*

Bird Smashers Finish Season; Young Teams Conclude Finest Year Ever.

Girl's badminton spent this year building and gaining experience for next year since the main body of the team consisted of mostly freshmen and sophomores. Most of last year's excellent varsity players graduated leaving few returning lettermen for this year.

Beating Edison early in their season, the Mustangs were led by singles star Lina Sofian. Sofian planned on going undefeated in league. Doubles darlings were Vera Stijovic and Jill Hammet.

Varsity coach Janet Dow and junior varsity coach Pam DeBellicus, both in their second years, looked forward encouragingly to the Estancia Tournament.

Boys Track Team Very Tough; Many Senior Aces Lost To Graduation

At press time, the Costa Mesa track and field team prepared for another fine series of impressive wins. A lot of new talent had been added, and the season was looking good.

Mesa's number one shot put man was super athlete Mike Scarlett (senior), who expected to be able to put somewhere in the range of fifty feet by league finals. Number one discus thrower Brent Barton also expected to do quite well in league.

Hitting the hurdling events was Mustang Mike Moiso who's leaping abilities zipped him along at admirable speeds.

Imported from the famous Mesa Cross Country team were distance dreadnoughts Scott LaCross, Fred Lara and Alan Venable. All three of the track troopers did quite well in the mile and two mile distance events.

Concentrating his efforts in the high jump was the ever-flying Dean Schmidt. Schmidt constantly cleared heights over six feet to put himself well up in league standings.

The Costa Mesa 440 man this year was Bret Thompson (junior).

The Coach this year was Mesa's winningest coach, Joe Fisher. The team looked forward to beating programs such as Irvine High School's during the exciting league play.

This year, as last year, the Mesans suffered from a bone dry shortage of sprinters. *That's what they are about.*

Matmen Finish Strong Year;

Take Two Individual Championships In Final

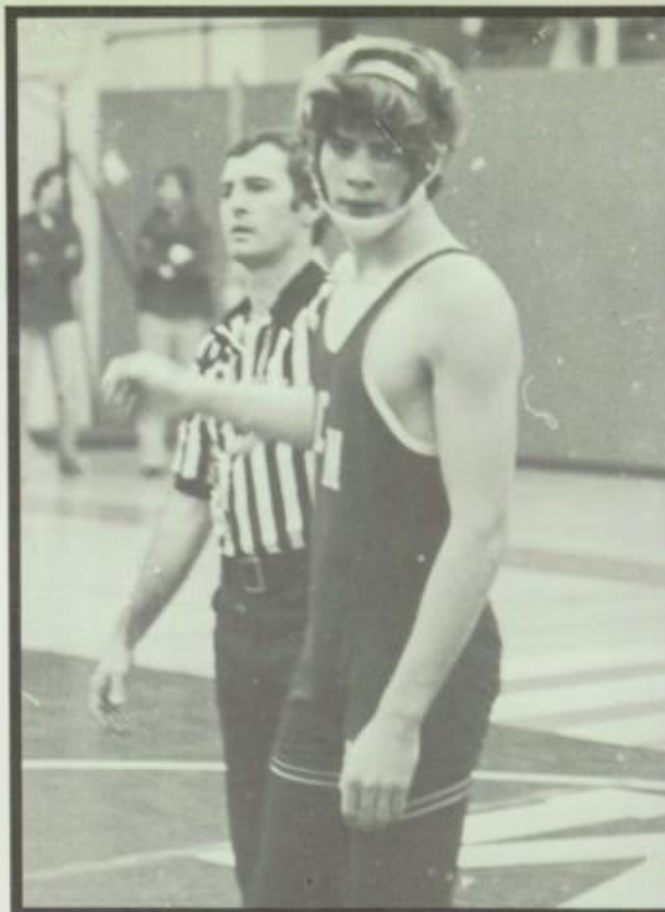

Overcoming injuries and despairingly long workouts, Mesa's Varsity wrestling squad managed to combine their talents into an impressive series of individual efforts. With two finalists, Costa Mesa finished a steady third in league finals.

Mike Scarlett (senior) showed wrestlers from El Toro what *we're all about* as he pinned his opponent to become league champion in the 194 wt. division. Joe Perey also won a championship in league as he vanquished a Trojan from University.

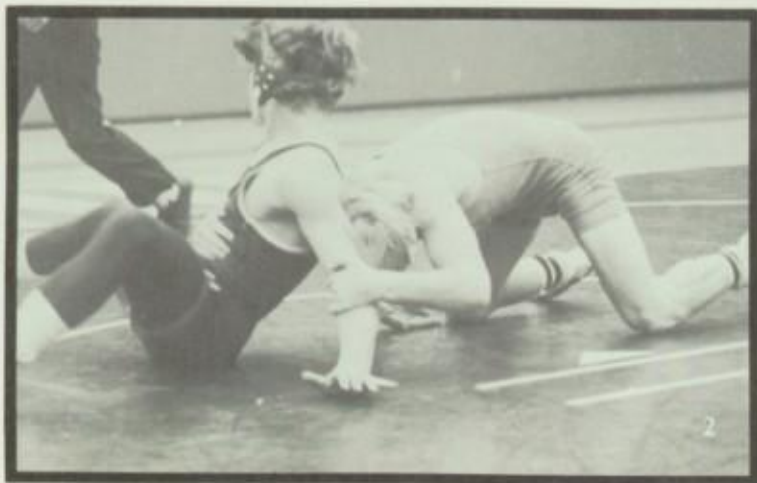

Dale Imoto wrestled several tough matches to grab himself a third place title. Other third place finishers were: Cliff Elbourn in the 141 weight class, Dave Mac Allister, wrestling 136; Ken Arimura in the 115 division, Scott Stewart at 157, and Vab Doung, who wrestled 105.

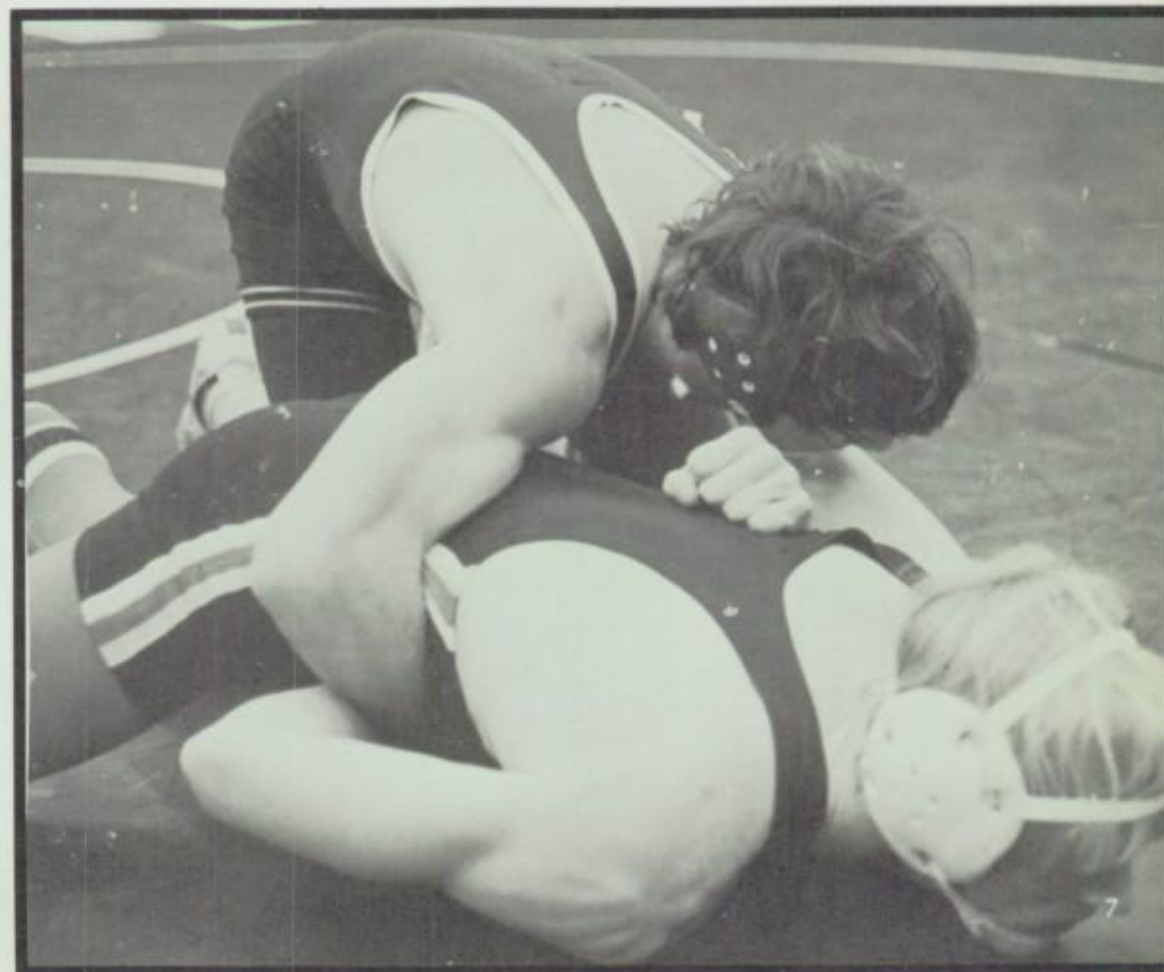

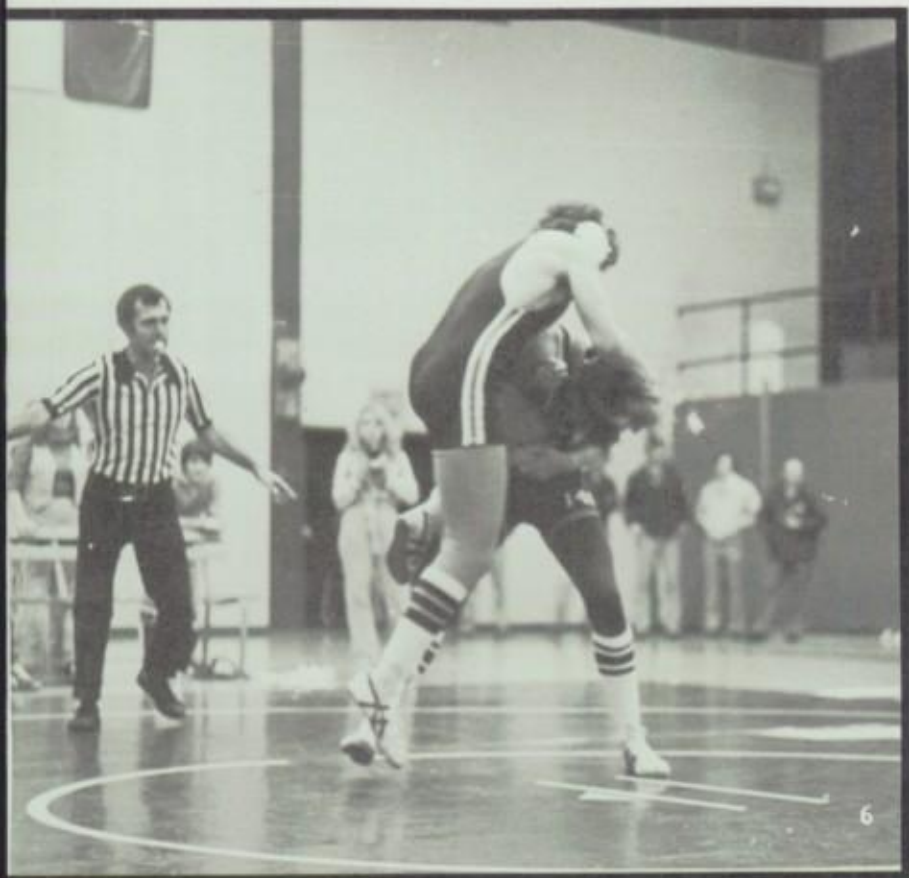

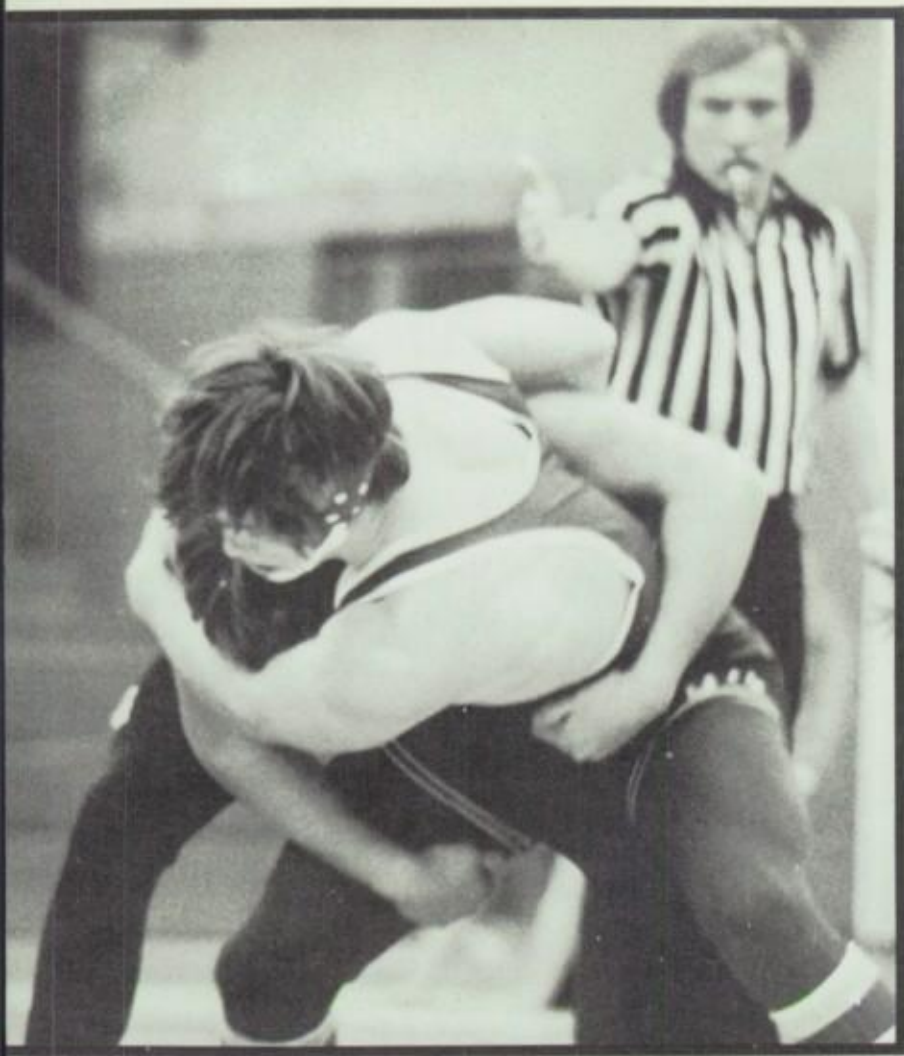

In the Costa Mesa fighting tradition, the matmen easily crushed the Sea Kings of Corona Del Mar with an amazing eight pins.

Other valuable assets to the team were lettermen Wes Oliver (98) Sam Burguard (148) and Bob Secrest (129).

Seniors

Four years of high school, what was it all about? Was it explaining to your P.E. teacher that you can't stay because you have a yearbook deadline and explaining to your yearbook teacher that you had to do a last minute civics report so you can't meet the deadline, and having none of them understand. Or was it explaining to the coach your reason for not showing up for practice but you just have to play in the game? Although the story sounds the same, all of our experiences differed, and we've each grown in a different way these four years. With the end of our senior year here, we begin to look back on all of the memories. And in the future these memories will be even more enjoyable. Hopefully, this yearbook will help you do just that—because, although we occupied the same space and time here at C.M.H.S., time goes on and we go on. That's what we're about.

WE MAKE YOU LOOK GOOD OUT THERE.

If you think there are only two ways to buy athletic wear — the too-big, impersonal factory way or the too-small, understocked boutique way, you haven't been to Frontrunners.

We've got over 15,000 pairs of shoes. Over 175 different styles. A huge selection of

the best brands made. Names like Nike, New Balance, Puma, Adidas, you name it.

And we've got the best help around.

Courteous people who aren't satisfied till you are.

When it comes to clothes

for sports, Frontrunners is the best outfit around.

Yvonne,
next year we'll
be JUNIORS & I hope you had
a really great year. Next
year will be even better. See ya, then
and tomorrow. Take care.
Love,
Doreen Ogawa

Yvonne,
 I'm glad
 I met you, your a
 great girl. Stay nice &
 Don't attract to many boys
 during the summer. It was fun in
 Science. To bad we didn't study. Ha! Maybe
 I want to stay in touch with you so call me whenever
 you get time or want to talk. I'm a good listener.

 Class 81" 

Evenne,
 Well I can't believe
 this year is over. Of
 course at the end I
 got to thank you. You are
 a very nice person. And
 I hope next year we
 can be friends.
 Lot of luck
 Jackie 81"

Yvonne,
 wasn't working at Lil' Pickle
 a blast! Even tho Jim wasn't
 a #8. Too bad we didn't
 have any classes together
 this year hopefully with
 as Juniors. Oh did you ever
 hear from Gene! member
 that guy that came in every
 night. Well, I'll probably see
 ya during the summer if
 not drop by the Lil' Pickle
 for a bite to eat.
 Luv, Jooy Raya 

Yvonne
 This year has
 gone by so fast
 but I'm glad I've
 met you. I've
 had a pretty good
 time. I hope you
 have a good one
 too. I'll be in
 contact with you
 next year. What
 happened. Take
 care. Robin

Yvonne -

Wow! The end of the year has finally ended. I ~~really~~ am really glad we're friends. I know how your situation at home is because I have almost the same. We have a lot in common and it's good that we can talk about it. I think going to Catalina is a terrific idea - we'll have a lot of fun. We have to go a lot of places this summer, we're too good of friends not to.

You're a sweet girl and a good friend. You have a terrific sense of humor - keep it. I hope you can get it all together this summer. If you go to Boston, I hope you have a terrific time. This year was kind of a disappointment - except being friends with you. Take care and if you ever need anything, don't hesitate to call me. Have a terrific summer.

Love ya,
Leslie

I hope
your
year was
as fun

VONNIE

as mine was. If not
next year you'll have
to try a little harder.
You & Nancy helped
make it a little more

Sorry I'm buzzed!
just fokin'!

bearable with all your jokes and stuff!!!
It was casual this year, don't you
think? I hope you had a blast staring
at Scott, Brett and the numerous other
babees(?) at mesa. Stay Local

yvonne,

It was really fun
in science ha, ha! any-
way I hope you had
a lot of fun this
year and I wish you
many more good
times in the future.
I also hope you get
promoted at Lil' Pickle
to head Bologna
Slicer (sounds great)

Love always,

yvonne,
Well another year
gone soon well be seniors
There will probably never be
a class that the teacher
hated more and the students
more. hope we can have another
one like it next year [HAVE A NICE SUMMER]

yvonne,

I really didn't get to talk to
you that much this year,
but I wish I did. I think you
a real nice person with a good
personality. Have fun during
the summer and I hope I get you
in some more classes next year.

Love always
Beth

Yvonne,
It has been an OK freshmen year (what
I've attended of it!) You better call to
go to the beach this summer. I'll
of course see you at the pool. Have
lots of fun staring at Scott & Hal hope
you get together with one of them or both!
Don't take all of the guys leave me a
couple of cuties. Hope you have fun in
Boston. We've been friends along time
hope we stay friends alot longer.
Be sure to call 549-1501 (ha, ha) (you
not having my number!) Also write
when you're in Boston. OK. Friends and

love,

Kathleen

Wells

Love,
Yvonne

Yvonne —
Just thought you fill up
a little space here. This has been
a pretty fun year — wouldn't you say? There's
unhatched! — It must be nice having a best
friend that lives right across the alley from
Scott. What! What a privilege! Well,
Have a really fun summer this time and
I hope you get black —

Yvonne,
Boy are you
gonna have fun
during the summer. With
all the guys you like to
look at you will be like to
heaven at a free beach! in to
when I get into the beach & get tan!
Have fun at the beach & get tan!
Love,
Scott
